XEROX®

\$650,000,000

Xerox Corporation

\$500,000,000 6.75% Senior Notes due 2017
\$150,000,000 Floating Rate Senior Notes due 2009

We are offering \$500,000,000 aggregate principal amount of our 6.75% senior notes due 2017, or the “fixed rate notes” and \$150,000,000 aggregate principal amount of our floating rate senior notes due 2009, or the “floating rate notes.” The fixed rate notes and the floating rate notes are collectively referred to herein as the “notes.”

The fixed rate notes will mature on February 1, 2017. We will pay interest on the fixed rate notes on each February 1 and August 1, commencing February 1, 2007.

The floating rate notes will mature on December 18, 2009. The floating rate notes will bear interest at a rate per annum, reset quarterly, equal to three-month LIBOR (as defined) plus 0.75%. We will pay interest on the floating rate notes on each March 18, June 18, September 18 and December 18, commencing December 18, 2006.

We may redeem the fixed rate notes at any time, and from time to time, by paying to the holders thereof 100% of the principal amount plus a make-whole redemption premium. The floating rate notes are not redeemable prior to maturity. If we undergo a change of control, we will be required to offer to purchase all of the notes from the holders.

The notes will be unsecured and will rank senior to all our existing and future subordinated debt and will rank *pari passu* with our existing and future unsecured senior debt. The notes will not have the benefit of all of the covenants applicable to some of our existing unsecured senior debt. The notes will be effectively subordinated to any secured debt of Xerox. The notes will be structurally subordinated to the debt and all other obligations of our subsidiaries.

Investing in the notes involves a high degree of risk. See “[Risk Factors](#),” beginning on page S-3 of this prospectus supplement and on page 2 of the accompanying prospectus.

RISK FACTORS

You should carefully consider the risks described below, the risks set forth in the accompanying prospectus and the other information set forth in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference before making an investment decision. Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also impair our business operations. The events discussed in the risk factors below, or the risk factors in the accompanying prospectus, may occur. If they do, our business, results of operations or financial condition could be materially adversely affected. In such an instance, the trading price of our securities, including the notes, could decline and you might lose all or part of your investment.

Risks related to the notes

Our substantial debt could adversely affect our financial health and pose challenges for conducting our business.

We have, and after this offering and the application of the net proceeds therefrom will continue to have, a substantial amount of debt and other obligations. As of June 30, 2006, on a *pro forma* basis assuming the consummation of this offering, we would have had \$7.8 billion of debt, on a consolidated basis, of which \$2.6 billion would have been secured, and \$0.6 billion of liabilities to subsidiary trusts issuing preferred securities outstanding.

Our substantial debt and other obligations could have important consequences. For example, it could:

- increase our vulnerability to general adverse economic or industry conditions or downturns in our business;
- limit our ability to obtain additional financing for future working capital, capital expenditures, acquisitions, debt service requirements, cost efficiency initiatives and other general corporate requirements;
- increase our vulnerability to interest rate fluctuations because a significant portion of our debt has variable interest rates;
- require us to dedicate a substantial portion of our cash flow from operations on our debt and other obligations thereby reducing the availability of our cash flow from operations for other purposes;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- limit, along with financial and other restrictive covenants in our debt agreements, among other things, our ability to borrow additional funds or dispose of assets;
- place us at a competitive disadvantage compared to our competitors that have less debt; and
- become due and payable upon a change of control.

Despite our substantial debt, we may still be able to incur significantly more debt. As of June 30, 2006, after giving *pro forma* effect to this offering and the application of the net proceeds therefrom, we would have had approximately \$1.115 billion available for additional borrowing under our existing senior unsecured credit facility (the “2006 Credit Facility”) and the covenants under our debt agreements would allow us to incur a significant amount of additional indebtedness. If new debt is added to our current debt levels, the risks described above could increase.

[Table of Contents](#)

The notes will be structurally subordinated to all liabilities of our subsidiaries.

The notes are structurally subordinated to indebtedness and other liabilities of Xerox's subsidiaries. For the six months ended June 30, 2006, before intercompany eliminations, Xerox's subsidiaries contributed \$4.3 billion to our total revenues and held \$12.5 billion of our total assets. In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, these subsidiaries would pay the holders of their debts, preferred equity interests and their trade creditors before they would be able to distribute any of their assets to Xerox. In addition, the 2006 Credit Facility and the indentures governing our 9^{3/4}% Senior Notes due 2009, 7^{1/8}% Senior Notes due 2010, 7^{5/8}% Senior Notes due 2013, 6^{7/8}% Senior Notes due 2011 and 6.40% Senior Notes due 2016 (collectively, the "Existing Senior Notes") contain contingent future guarantee provisions whereby certain of our subsidiaries may become guarantors of our obligations under the 2006 Credit Facility and the Existing Senior Notes and the related indentures. The notes offered hereby will not have the benefit of the contingent future guarantee provisions in our 2006 Credit Facility and the indentures governing our Existing Senior Notes. As a result, if any such guarantee is executed, holders of the notes offered by this prospectus supplement would not receive the benefit of that guarantee and would be structurally subordinated to the lenders under our 2006 Credit Facility and the holders of our Existing Senior Notes, with respect to the assets of the subsidiaries providing a guarantee.

Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the notes, or to make any funds available therefor, whether by dividends, loans, distributions or other payments. Any right that Xerox has to receive any assets of any of the subsidiaries upon the liquidation or reorganization of those subsidiaries, and the consequent rights of holders of notes to realize proceeds from the sale of any of those subsidiaries' assets, will be subordinated to the claims of those subsidiaries' creditors, including trade creditors and holders of preferred equity interests of those subsidiaries.

We need to maintain adequate liquidity in order to have sufficient cash to meet operating cash flow requirements and to repay maturing debt and other obligations. If we fail to comply with the covenants contained in our various borrowing agreements, it may adversely affect our liquidity, results of operations and financial condition.

Our liquidity is a function of our ability to successfully generate cash flows from a combination of efficient operations and improvement therein, funding from third parties, access to capital markets, securitizations and borrowings secured by our finance receivables portfolios. As of June 30, 2006, total cash, cash equivalents and short-term investments was \$1.2 billion, and our borrowing capacity under our 2006 Credit Facility was \$1.115 billion, reflecting \$135 million of outstanding borrowings and letters of credit that have been utilized. We also have funding available through various secured borrowing arrangements. We believe our liquidity (including operating and other cash flows that we expect to generate) will be sufficient to meet operating requirements as they occur and to satisfy all scheduled debt maturities for at least the next twelve months; however, our ability to maintain sufficient liquidity going forward depends on our ability to generate cash from operations and access to the capital markets, both of which are subject to general economic, financial, competitive, legislative, regulatory and other market factors that are beyond our control.

The 2006 Credit Facility contains affirmative and negative covenants including limitations on: (i) liens of Xerox and certain of our subsidiaries securing debt, (ii) certain fundamental changes to corporate structure, (iii) changes in nature of business and (iv) limitations on debt incurred by certain subsidiaries. The 2006 Credit Facility contains financial maintenance covenants, including maximum leverage (debt for borrowed money divided by consolidated EBITDA, as defined) and a minimum interest coverage ratio (consolidated EBITDA divided by consolidated interest expense, as defined). The indentures governing certain of our outstanding senior notes contain affirmative and negative covenants including limitations on: issuance of secured debt and preferred stock; investments and acquisitions; mergers; certain transactions with affiliates; creation of liens; asset transfers; hedging transactions; payment of dividends and certain other payments. They do not, however, contain any financial maintenance covenants, except the fixed charge coverage ratio applicable to certain types of payments. Our U.S.

[Table of Contents](#)

Loan Agreement with General Electric Capital Corporation (“GECC”) (effective through 2010) relating to our customer financing program (the “Loan Agreement”) provides for loans secured by eligible finance receivables up to \$5 billion outstanding at any time. As of June 30, 2006, \$1.9 billion was outstanding under the Loan Agreement, including similar loan agreements with GE in the U.K. and Canada. These agreements incorporate the financial maintenance covenants contained in the 2006 Credit Facility and contain other affirmative and negative covenants.

At June 30, 2006, we were in full compliance with the covenants and other provisions of the 2006 Credit Facility, the senior notes and the Loan Agreement and expect to remain in full compliance for at least the next twelve months. Any failure to be in compliance with any material provision or covenant of the 2006 Credit Facility or the Existing Senior Notes could have a material adverse effect on our liquidity, results of operations and financial condition. Failure to be in compliance with the covenants in the Loan Agreement, including the financial maintenance covenants incorporated from the 2006 Credit Facility, would result in an event of termination under the Loan Agreement and in such case GECC would not be required to make further loans to us. If GECC were to make no further loans to us, and assuming a similar facility was not established and that we were unable to obtain replacement financing in the public debt markets, it could materially adversely affect our liquidity and our ability to fund our customers’ purchases of our equipment and this could materially adversely affect our results of operations.

The indentures governing our Existing Senior Notes and certain of our financing agreements, including the 2006 Credit Facility, contain various covenants that limit the discretion of our management in operating our business and could prevent us from engaging in some beneficial activities. The notes offered by this prospectus supplement will not have the benefit of all of these covenants.

The indentures governing certain of our Existing Senior Notes limit, and our 2006 Credit Facility limits, our ability to, among other things, issue debt and preferred stock, retire debt early, make investments and acquisitions, merge, engage in certain transactions with affiliates, create or permit to exist liens, transfer assets, enter into hedging transactions, and/or pay dividends on our common stock. The 2006 Credit Facility generally does not affect our ability to continue to monetize finance receivables under the agreements with GECC and others.

Although the terms of the indentures governing certain of our outstanding senior notes restrict our ability to incur additional debt to fund significant acquisitions and restricted payments, the indentures permit us and certain of our subsidiaries to incur debt in the ordinary course and in other circumstances. Although the notes offered hereby provide additional operational flexibility to us, we are required to comply with the covenants in all of our outstanding senior notes.

A failure to comply with the covenants contained in our 2006 Credit Facility or our other existing indebtedness could result in an event of default under the 2006 Credit Facility or the existing agreements, that, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations. In the event of any default under our 2006 Credit Facility or our other indebtedness, the lenders thereunder would not be required to lend any additional amounts to us and:

- could elect to declare all borrowings outstanding, together with accrued and unpaid interest and fees, to be due and payable;
- could require us to apply all of our available cash to repay these borrowings; or
- could prevent us from making debt service payments on the notes,

any of which could result in an event of default under the notes.

If the indebtedness under our senior secured credit facility or our other indebtedness, including the notes, were to be accelerated, there can be no assurance that our assets would be sufficient to repay such indebtedness in full. See “Certain Other Indebtedness and Preferred Stock” and “Description of the Notes.”

[Table of Contents](#)

The notes are unsecured, do not have the benefit of certain covenants and other provisions applicable to certain of our previously issued senior notes and are effectively subordinated to our secured indebtedness.

If Xerox becomes insolvent or is liquidated, or if payment under any of our secured debt obligations is accelerated, the secured lenders would be entitled to exercise the remedies available to a secured lender under applicable law and will have a claim on those assets before the holders of our senior notes that are unsecured or the notes offered under this prospectus supplement. As a result, the notes are effectively subordinated to our secured indebtedness to the extent of the value of the assets securing that indebtedness or the amount of indebtedness secured by those assets. Therefore, the holders of the notes may recover ratably less than the lenders of our secured debt in the event of our bankruptcy or liquidation. At June 30, 2006, after giving effect to the issuance of notes offered by this prospectus supplement, we would have had \$7.8 billion of debt on a consolidated basis, of which \$2.6 billion would be secured debt. In addition, the indentures governing some of our senior notes contain a number of restrictive covenants that impose operating and financial restrictions on us, including restrictions on our ability to, among other things:

- incur or guarantee additional debt;
- pay dividends and make other restricted payments;
- engage in sales of assets and subsidiary stock;
- make certain loans, acquisitions, capital expenditures or investments; and
- enter into transactions with affiliates.

The notes will not have the benefit of all of the provisions in our other debt agreements. The breach of any of these provisions would give the holders of the previously issued notes the right to accelerate the maturity of their notes. The holders of the notes offered by this prospectus supplement would not have the right to accelerate the maturity of the notes due to the acceleration of our other debt.

Your right to receive payments on the notes could be adversely affected if any of our subsidiaries declares bankruptcy, liquidates or reorganizes.

In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us. At June 30, 2006, our subsidiaries had approximately \$5.9 billion of outstanding indebtedness and other liabilities, including trade payables but excluding intercompany liabilities. Our subsidiaries may incur substantial additional indebtedness.

We may not be able to purchase your notes upon a change of control.

Upon the occurrence of specified “change of control” events, we will be required to offer to purchase each holder’s notes at a price equal to 101% of their principal amount plus accrued and unpaid interest. We may not have sufficient financial resources to purchase all of the notes that holders tender to us upon a change of control offer. The occurrence of a change of control could also constitute an event of default under any of our future debt agreements. See “Description of the Notes—Change of Control.”

Similar change of control offer requirements are applicable to our Existing Senior Notes. Xerox may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control offer or to redeem such notes. The occurrence of a change of control would also constitute an event of default under our 2006 Credit Facility and could constitute an event of default under our other indebtedness. Our bank lenders may have the right to prohibit any such purchase or redemption, in which event we would seek to obtain waivers from the required lenders under our 2006 Credit Facility and our other indebtedness, but we may not be successful in obtaining such waivers. See “Description of the Notes—Change of Control.”

An active trading market may not develop for the notes.

The fixed rate notes and the floating rate notes are each new securities for which there currently is no established market. We do not intend to apply for either series of the notes to be listed on any securities exchange or to arrange for either series of the notes to be quoted on any quotation system. Although the underwriters have informed us that they currently intend to make a market in the notes, they are not obligated to do so and any market may be discontinued at any time without notice. Accordingly, we cannot assure you as to the development or liquidity of any market for any of the notes. See “Underwriting.”

Risks related to our business

We face significant competition and our failure to compete successfully could adversely affect our results of operations and financial condition.

We operate in an environment of significant competition, driven by rapid technological advances and the demands of customers to become more efficient. Our competitors range from large international companies to relatively small firms. Some of the large international companies have significant financial resources and compete with us globally to provide document processing products and services in each of the markets we serve. We compete primarily on the basis of technology, performance, price, quality, reliability, brand, distribution and customer service and support. Our success in future performance is largely dependent upon our ability to compete successfully in the markets we currently serve and to expand into additional market segments. To remain competitive, we must develop new products, services, and applications and periodically enhance our existing offerings. If we are unable to compete successfully, we could lose market share and important customers to our competitors and that could materially adversely affect our results of operations and financial condition.

We need to develop and expand the use of color printing and copying.

Increasing the proportion of pages that are printed in color and transitioning color pages currently produced on offset devices to Xerox technology represent key growth opportunities. A significant part of our strategy and ultimate success in this changing market is our ability to develop and market technology that produces color prints and copies quickly, easily, with high quality and at reduced cost. Our continuing success in this strategy depends on our ability to make the investments and commit the necessary resources in this highly competitive market, as well as the pace of color adoption by our existing and prospective customers. If we are unable to develop and market advanced and competitive color technologies or the pace of color adoption by our existing and prospective customers is less than anticipated, we may be unable to capture these opportunities and it could materially adversely affect our results of operations and financial condition.

If we fail to successfully develop new products and technologies, we may be unable to retain and gain customers and our revenues would be reduced.

The process of developing new high technology products and solutions is inherently complex and uncertain. It requires accurate anticipation of customers' changing needs and emerging technological trends. We must make long-term investments and commit significant resources before knowing whether these investments will eventually result in products that achieve customer acceptance and generate the revenues required to provide desired returns. We also must ensure that all of our products comply with existing and newly enacted applicable regulatory requirements in the countries in which they are sold, particularly European Union environmental directives. If we fail to accurately anticipate and meet our customers' needs through the development of new products or if our new products are not widely accepted or if our current or future products fail to meet applicable worldwide regulatory requirements, we could lose market share and customers to our competitors and damage our reputation and brand, each of which could materially adversely affect our results of operations and financial condition.

Our profitability is dependent upon our ability to obtain adequate pricing for our products and to improve our cost structure.

Our success depends on our ability to obtain adequate pricing for our products and services that in turn provides a reasonable return to our shareholders. Depending on competitive market factors, future prices we obtain for our products and services may decline from previous levels. In addition, pricing actions to offset the effect of currency devaluations may not prove sufficient to offset further devaluations or may not hold in the face of customer resistance and/or competition. If we are unable to obtain adequate pricing for our products and services, it could materially adversely affect our results of operations and financial condition.

Since 2000, we have engaged in a series of restructuring programs related to downsizing our employee base, exiting certain businesses, outsourcing some internal functions and engaging in other actions designed to reduce our cost structure. If we are unable to continue to maintain our cost base at or below the current level and maintain process and systems changes resulting from the restructuring actions, it could materially adversely affect our results of operations and financial condition.

Our ability to sustain and improve profit margins is dependent on a number of factors, including our ability to continue to improve the cost efficiency of our operations through such programs as Lean Six Sigma, pricing pressures on our products and services, the proportion of our equipment sales to high-end as opposed to low-end equipment, the trend in our post-sale revenue growth and our ability to successfully complete information technology initiatives. If any of these factors adversely materialize or if we are unable to achieve productivity improvements through design efficiency, supplier and manufacturing cost improvements and information technology initiatives, our ability to offset labor cost inflation, potential materials cost increases and competitive price pressures would be impaired, any of which could materially adversely affect our results of operations and financial condition.

Our current credit ratings result in higher borrowing costs, which in turn may affect our ability to fund our customer financing activities at economically competitive levels.

The long-term viability and profitability of our customer financing activities is dependent, in part, on our ability to borrow and the cost of borrowing in the credit markets. This ability and cost, in turn, is dependent on our credit ratings. Our access to the public debt markets could be limited to the non-investment grade segment, which results in higher borrowing costs, until our credit ratings have been uniformly restored to investment grade. We are currently funding our customer financing activity through a combination of capital market offerings, third-party funding arrangements, including General Electric, Merrill Lynch and De Lage Landen Bank, cash generated from operations, cash on hand and other secured and unsecured borrowings. Our ability to continue to offer customer financing and be successful in the placement of equipment with customers is largely dependent on our ability to obtain funding at a reasonable cost. If we are unable to continue to offer customer financing, it could materially adversely affect our results of operations and financial condition.

We have outsourced approximately half of our overall worldwide manufacturing operations and face the risks associated with relying on third party manufacturers and external suppliers.

We have outsourced approximately half of our overall worldwide manufacturing operations to third parties and various service providers. To the extent that we rely on third party manufacturing relationships, we face the risk that those manufacturers may not be able to develop manufacturing methods appropriate for our products, they may not be able to quickly respond to changes in customer demand for our products, they may not be able to obtain supplies and materials necessary for the manufacturing process, they may experience labor shortages and/or disruptions, manufacturing costs could be higher than planned and the reliability of our products could decline. If any of these risks were to be realized, and assuming similar third-party manufacturing relationships could not be established, we could experience an interruption in supply or an increase in costs that might result in our being unable to meet customer demand for our products, damage our relationships with our customers and reduce our market share, all of which could materially adversely affect our results of operations and financial condition.

Our business, results of operations and financial condition may be negatively impacted by economic conditions abroad, including fluctuating foreign currencies and shifting regulatory schemes.

Approximately half of our revenue is generated from operations outside the United States. In addition, we manufacture or acquire many of our products and/or their components from, and maintain significant operations, outside the United States. Our future revenues, costs and results of operations could be significantly affected by changes in foreign currency exchange rates, as well as by a number of other factors, including changes in economic conditions from country to country, changes in a country's political conditions, trade protection measures, licensing requirements, local tax issues, capitalization and other related legal matters. We generally hedge foreign currency denominated assets, liabilities and anticipated transactions primarily through the use of currency derivative contracts. The use of derivative contracts is intended to mitigate or reduce transactional level volatility in the results of foreign operations, but does not completely eliminate volatility. We do not hedge the translation effect of international revenues and expenses, which are denominated in currencies other than our U.S. parent functional currency, within our consolidated financial statements.

Our operating results may be negatively impacted by revenue trends.

Our ability to return to and maintain a consistent trend of revenue growth over the intermediate to longer term is largely dependent upon expansion of our worldwide equipment placements, as well as sales of services and supplies occurring after the initial equipment placement (post sale revenue) in the key growth markets of digital printing, color and multifunction systems. We expect that revenue growth can be further enhanced through our document management and consulting services in the areas of personalized and product life cycle communications, office and production services and document content and imaging. The ability to achieve growth in our equipment placements is subject to the successful implementation of our initiatives to provide advanced systems, industry-oriented global solutions and services for major customers, improve direct sales productivity and expand our indirect distribution channels in our developing markets operations and other geographic areas in the face of global competition and pricing pressures. Our ability to increase post sale revenue is largely dependent on our ability to increase the volume of pages printed, the mix of color pages, equipment utilization and color adoption. Equipment placements typically occur through leases with original terms of three to five years. There will be a lag between the increase in equipment placement and an increase in post sale revenues. The ability to grow our customers' usage of our products may continue to be adversely impacted by the movement toward distributed printing and electronic substitutes and the impact of lower equipment placements in prior periods. If we are unable to return to and maintain a consistent trend of revenue growth, it could materially adversely affect our results of operations and financial condition.

Our business, results of operations and financial condition may be negatively impacted by legal and regulatory matters.

We have various contingent liabilities that are not reflected on our balance sheet, including those arising as a result of being involved in a variety of claims, lawsuits, investigations and proceedings concerning securities law, intellectual property law, environmental law, employment law and the Employee Retirement Income Security Act ("ERISA"), as discussed in the "Contingencies" note to our Condensed Consolidated Financial Statements. We determine whether an estimated loss from a contingency should be accrued by assessing whether a loss is deemed probable and can be reasonably estimated. We assess potential liability by analyzing our litigation and regulatory matters using available information. We develop our views on estimated losses in consultation with legal counsel handling our defense in these matters, which involves an analysis of potential results, assuming a combination of litigation and settlement strategies. Should developments in any of our legal matters cause a change in our determination as to an unfavorable outcome and result in the need to recognize a material accrual, or should any of these matters result in a final adverse judgment or be settled for significant amounts, they could have a material adverse effect on our results of operations, cash flows and financial position in the period or periods in which such change in determination, judgment or settlement occurs.

Our operations are subject to environmental regulations in each of the jurisdictions in which we conduct our business. Some of our manufacturing operations use, and some of our products contain, substances that are regulated in various jurisdictions. The European Union Directive known as the Restriction on the Use of Hazardous Substances (“RoHS”), for example, requires the removal of lead, cadmium and certain other substances from product designs put on the market in the European Union beginning in July 2006. We continue to conduct RoHS compliance activities with respect to our products. We do not expect the RoHS directive to have a material impact on our product lines. In addition, various other countries and jurisdictions have proposed and/or are expected to adopt restrictions similar to RoHS. If we do not comply with applicable rules and regulations in connection with the use of such substances and the sale of products containing such substances, then we could be subject to liability and could be prevented from selling our products, which could have a material adverse effect on our results of operations and financial condition. Further, we could also face substantial costs and liabilities in connection with product take-back legislation. Beginning in 2005, we became subject to the European Union Directive on Waste Electrical and Electronic Equipment (“WEEE”) as enacted by individual European Union countries (“WEEE Legislation”), which makes producers of electrical goods, including computers and printers, responsible for collection, recycling, treatment and disposal of recovered products. We continue to conduct WEEE compliance activities and continue to evaluate the impact of specific registration and compliance activities required by WEEE Legislation. Other jurisdictions throughout the United States and the world have also proposed, or may adopt, product take-back regulations. If we are unable to collect, recycle, treat and dispose of our products in a cost-effective manner and in accordance with applicable requirements, it could materially adversely affect our results of operations and financial condition. Other potentially relevant initiatives throughout the world include proposals for more extensive chemical registration requirements, various efforts to limit energy use in products and other environmentally related product programs. As these initiatives and programs become regulatory requirements and/or are adopted as public or private procurement requirements, we must comply or potentially face market access limitations that could have a material adverse affect on our operations and financial condition.

USE OF PROCEEDS

The net proceeds of this offering after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, are expected to be approximately \$641 million. We intend to use a portion of the net proceeds to finance customer purchases of equipment, in lieu of borrowings under our existing senior secured and unsecured loan agreements, and for other general corporate purposes.

DESCRIPTION OF THE NOTES

We will issue \$500,000,000 aggregate principal amount of 6.75% senior notes due 2017 (the “Fixed Rate Notes”) pursuant to a supplemental indenture to be dated as of August 18, 2006 (the “Fixed Rate Supplemental Indenture”) to an indenture dated as of June 25, 2003, as supplemented to date (the “Indenture”), between Xerox and Wells Fargo Bank, National Association (as successor by merger with Wells Fargo Bank Minnesota, National Association), as Trustee (the “Trustee”). We will also issue \$150,000,000 aggregate principal amount of floating rate senior notes due 2009 (the “Floating Rate Notes” and, together with the Fixed Rate Notes, the “Notes”) pursuant to a supplemental indenture to be dated as of August 18, 2006 (the “Floating Rate Supplemental Indenture” and, together with the Fixed Rate Supplemental Indenture, the “Supplemental Indentures”) to the Indenture. Although for convenience the Fixed Rate Notes and the Floating Rate Notes are referred to as the “Notes”, each will be issued as a separate series and will not together have any class voting or other rights. The following is a summary of the material provisions of the Indenture. It does not include all of the provisions of the Indenture. We urge you to read the Indenture because it, not this description, defines your rights. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the “TIA”). A copy of the Indenture may be obtained from the Underwriters or the Company. You can find definitions of certain capitalized terms used in this description under “—Certain Definitions.” For purposes of this section, references to the “Company”, “we”, “us” and “our” include only Xerox Corporation and not its subsidiaries.

The Notes will be senior unsecured obligations of the Company, ranking *pari passu* in right of payment with all other senior unsecured obligations of the Company. The Notes will be effectively subordinated to all secured debt of the Company, structurally subordinated to the debt of the Company’s Subsidiaries and effectively subordinated to the other senior debt of the Company that has the benefit of certain provisions and covenants not applicable to the notes.

The Company will issue the Notes in fully registered form in denominations of \$2,000 and integral multiples of \$1,000. The Trustee will initially act as Paying Agent and Registrar for the Notes. The Notes may be presented for registration of transfer and exchange at the offices of the Registrar. The Company may change the Paying Agent and Registrar without notice to holders of the Notes (the “Holders”). It is expected that the Company will pay principal and interest (and premium, if any) on the Notes at the Trustee’s corporate office by check mailed to the registered address of Holders.

Principal, Maturity and Interest

Fixed Rate Notes

The Fixed Rate Notes will mature on February 1, 2017. \$500,000,000 in aggregate principal amount of the Fixed Rate Notes will be issued in this offering. After the Issue Date, additional notes (“Additional Fixed Rate Notes”) may be issued from time to time. The Fixed Rate Notes and the Additional Fixed Rate Notes of the same series that are actually issued will be treated as a single class for all purposes under the Indenture, including, without limitation, as to waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the Fixed Rate Supplemental Indenture, the Indenture and this “Description of the Notes,” references to the Fixed Rate Notes include any Additional Fixed Rate Notes actually issued.

Interest on the Fixed Rate Notes will accrue at the rate of 6.75% per annum and will be payable semiannually in cash on each February 1 and August 1, commencing on February 1, 2007, to the persons who are registered Holders at the close of business on the January 15 and July 15 immediately preceding the applicable interest payment date. Interest on the Fixed Rate Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from and including the date of issuance to but excluding the actual interest payment date.

Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Floating Rate Notes

The Floating Rate Notes will mature on December 18, 2009. \$150,000,000 in aggregate principal amount of the Floating Rate Notes will be issued in this offering. After the Issue Date, additional notes (“Additional Floating Rate Notes”) may be issued from time to time. The Floating Rate Notes and the Additional Floating Rate Notes of the same series that are actually issued will be treated as a single class for all purposes under the Indenture, including, without limitation, as to waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the Floating Rate Supplemental Indenture, the Indenture and this “Description of the Notes,” references to the Floating Rate Notes include any Additional Floating Rate Notes actually issued.

Interest on the Floating Rate Notes will accrue at a rate per annum, reset quarterly, equal to LIBOR plus 0.75%, as determined by the calculation agent (the “Calculation Agent”), which shall initially be the Trustee, and will be payable quarterly in cash on each March 18, June 18, September 18 and December 18, commencing on December 18, 2006, to the persons who are registered Holders at the close of business on the March 1, June 1, September 1 and December 1 immediately preceding the applicable interest payment date. Interest on the Floating Rate Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from and including the date of issuance to but excluding the actual interest payment date.

“Determination Date,” with respect to an Interest Period, will be the second London Banking Day preceding the first day of the Interest Period.

“Interest Period” means the period commencing on and including an interest payment date and ending on and including the day immediately preceding the next succeeding interest payment date, with the exception that the first Interest Period shall commence on and include the Issue Date and end on and include December 18, 2006.

“LIBOR,” with respect to an Interest Period, will be the rate (expressed as a percentage per annum) for deposits in United States dollars for a three-month period beginning on the second London Banking Day after the Determination Date that appears on Telerate Page 3750 as of 11:00 a.m., London time, on the Determination Date. If Telerate Page 3750 does not include such a rate or is unavailable on a Determination Date, the Calculation Agent will request the principal London office of each of four major banks in the London interbank market, as selected by the Calculation Agent, to provide such bank’s offered quotation (expressed as a percentage per annum), as of approximately 11:00 a.m., London time, on such Determination Date, to prime banks in the London interbank market for deposits in a Representative Amount in U.S. dollars for a three-month period beginning on the second London Banking Day after the Determination Date. If at least two such offered quotations are so provided, LIBOR for the Interest Period will be the arithmetic mean of such quotations. If fewer than two such quotations are so provided, the Calculation Agent will request each of three major banks in New York City, as selected by the Calculation Agent, to provide such bank’s rate (expressed as a percentage per annum), as of approximately 11:00 a.m., New York City time, on such Determination Date, for loans in a Representative Amount in United States dollars to leading European banks for a three-month period beginning on the second London Banking Day after the Determination Date. If at least two such rates are so provided, LIBOR for the Interest Period will be the arithmetic mean of such rates. If fewer than two such rates are so provided, then LIBOR for the Interest Period will be LIBOR in effect with respect to the immediately preceding Interest Period.

“London Banking Day” is any day in which dealings in U.S. dollars are transacted or, with respect to any future date, are expected to be transacted in the London interbank market.

“Representative Amount” means a principal amount of not less than U.S.\$1,000,000 for a single transaction in the relevant market at the relevant time.

“Telerate Page 3750” means the display designated as “Page 3750” on the Moneyline Telerate service (or such other page as may replace Page 3750 on that service).

[Table of Contents](#)

The amount of interest for each day that the Floating Rate Notes are outstanding (the “Daily Interest Amount”) will be calculated by dividing the interest rate in effect for such day by 360 and multiplying the result by the principal amount of the Floating Rate Notes. The amount of interest to be paid on the Floating Rate Notes for each Interest Period will be calculated by adding the Daily Interest Amounts for each day in the Interest Period.

All percentages resulting from any of the above calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with five one-millionths of a percentage point being rounded upwards (e.g., 9.876545% (or .09876545) being rounded to 9.87655% (or .0987655)) and all dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one-half cent being rounded upwards).

The interest rate on the Floating Rate Notes will in no event be higher than the maximum rate permitted by applicable law.

The Calculation Agent will, upon the request of any holder of Floating Rate Notes, provide the interest rate then in effect with respect to the Floating Rate Notes. All calculations made by the Calculation Agent in the absence of manifest error will be conclusive for all purposes and binding on Xerox and the holders of the Floating Rate Notes.

Optional Redemption

Floating Rate Notes

The Floating Rate Notes are not redeemable prior to maturity.

Fixed Rate Notes

The Company may at any time and from time to time, at its option, redeem the Fixed Rate Notes that are outstanding (in whole or in part) at a redemption price equal to 100% of the principal amount thereof plus accrued and unpaid interest, if any, on the Fixed Rate Notes to the applicable redemption date, plus the applicable Make-Whole Premium (a “Fixed Rate Note Redemption”). The Company shall give not less than 30 nor more than 60 days notice to such redemption.

In the event that the Company chooses to redeem less than all of the Fixed Rate Notes, selection of the Fixed Rate Notes for redemption will be made by the Trustee either:

- (1) in compliance with the requirements of the principal national securities exchange, if any, on which the Fixed Rate Notes are listed; or
- (2) if the Fixed Rate Notes are not so listed, on a *pro rata* basis.

Change of Control

Upon the occurrence of a Change of Control, each Holder will have the right to require that the Company purchase all or a portion (equal to \$2,000 and integral multiples of \$1,000) of such Holder’s Notes pursuant to the offer described below (the “Change of Control Offer”), at a purchase price equal to 101% of the principal amount of the Notes repurchased plus accrued and unpaid interest to the date of purchase.

Within 30 days following the date upon which the Change of Control occurred, the Company must send, or cause the Trustee to send, by first class mail, a notice to each Holder, with a copy to the Trustee, which notice shall govern the terms of the Change of Control Offer. Such notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 45 days from the date such notice is mailed, other than as may be required by law (the “Change of Control Payment Date”). Holders electing to have a Note purchased pursuant to a Change of Control Offer will be required to surrender the Note, with the form entitled “Option of Holder to Elect Purchase” on the reverse of the Note completed, to the Paying Agent at the address specified in the notice prior to the close of business on the third business day prior to the Change of Control Payment Date.

The Company will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

[Table of Contents](#)

If a Change of Control Offer is made, there can be no assurance that the Company will have available funds sufficient to pay the Change of Control purchase price for all the Notes that might be delivered by Holders seeking to accept the Change of Control Offer. In the event the Company is required to purchase outstanding Notes pursuant to a Change of Control Offer, the Company expects that it would seek third-party financing to the extent it does not have available funds to meet its purchase obligations. However, there can be no assurance that the Company would be able to obtain such financing. In addition, there can be no assurance that the Company will be able to obtain the consents necessary to consummate a Change of Control Offer from the lenders under agreements governing outstanding Indebtedness which may in the future prohibit the offer.

Neither the Board of Directors of the Company nor the Trustee may waive the covenant relating to a Holder's right to redemption upon a Change of Control. Restrictions in the Indenture described herein on the ability of the Company and its Restricted Subsidiaries to grant Liens on its property and to merge, consolidate or sell all or substantially all of its assets may also make more difficult or discourage a takeover of the Company, whether favored or opposed by the management of the Company. There can be no assurance that the Company or the acquiring party will have sufficient financial resources to effect a Change of Control Offer. Such restrictions may, in certain circumstances, make more difficult or discourage any leveraged buyout of the Company or any of its Subsidiaries by the management of the Company. While such restrictions cover a wide variety of arrangements which have traditionally been used to effect highly leveraged transactions, the Indenture may not afford the Holders protection in all circumstances from the adverse aspects of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of the Indenture, the Company shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under the "Change of Control" provisions of the Indenture by virtue thereof.

The 2006 Credit Facility provides that the occurrence of certain change of control events with respect to Xerox would constitute a default thereunder. In the event a Change of Control occurs at a time when we are prohibited from purchasing Notes, we may seek the consent of our lenders to the purchase of Notes or may attempt to refinance the borrowings that contain such prohibition. If we do not obtain such a consent or repay such borrowings, we will remain prohibited from purchasing Notes. In such case, our failure to offer to purchase Notes would constitute a Default under the Indenture, which would, in turn, constitute a default under the 2006 Credit Facility.

The provisions under the Indenture relative to our obligation to make an offer to repurchase the Notes of any series as a result of a Change in Control may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes of that series.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Company is not required to make any mandatory redemption or sinking fund payments or any offers to purchase with respect to the Notes. We may at any time and from time to time purchase Notes in the open market or otherwise.

Covenants

Set forth below are summaries of certain covenants contained in the Indenture.

Limitation on Liens. The Company will not create or suffer to exist, or permit any of its Specified Subsidiaries to create or suffer to exist, any Lien, or any other type of preferential arrangement, upon or with respect to any of its properties (other than "margin stock" as that term is defined in Regulation U issued by the

[Table of Contents](#)

Board of Governors of the Federal Reserve System), whether now owned or hereafter acquired, or assign, or permit any of its Specified Subsidiaries to assign, any right to receive income, in each case to secure any Indebtedness (other than Indebtedness described in clauses (5) and (8) of the definition of "Indebtedness" herein) without making effective provision whereby all of the Notes (together with, if the Company shall so determine, any other Indebtedness of the Company or such Specified Subsidiary then existing or thereafter created which is not subordinate to the Notes) shall be equally and ratably secured with the Indebtedness secured by such security (*provided* that any Lien created for the benefit of the Holders of the Notes pursuant to this sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in such provision becoming applicable, unless a Default or Event of Default shall then be continuing); *provided, however*, that the Company or its Specified Subsidiaries may create or suffer to exist any Lien or preferential arrangement of any kind in, of or upon any of the properties or assets of the Company or its Specified Subsidiaries to secure Indebtedness if upon creation of such Lien or arrangement and after giving effect thereto, the aggregate principal amount of Indebtedness secured by Liens would not exceed the greater of (i) \$2.0 billion and (ii) 20% of the Consolidated Net Worth of the Company; and *provided, further*, that the foregoing restrictions or limitations shall not apply to any of the following:

(1) deposits, liens or pledges arising in the ordinary course of business to enable the Company or any of its Specified Subsidiaries to exercise any privilege or license or to secure payments of workers' compensation or unemployment insurance, or to secure the performance of bids, tenders, leases, contracts (other than for the payment of borrowed money) or statutory landlords' liens or to secure public or statutory obligations or surety, stay or appeal bonds, or other similar deposits or pledges made in the ordinary course of business;

(2) Liens imposed by law or other similar Liens, if arising in the ordinary course of business, such as mechanic's, materialman's, workman's, repairman's or carrier's liens, or deposits or pledges in the ordinary course of business to obtain the release of such Liens;

(3) Liens arising out of judgments or awards against the Company or any of its Specified Subsidiaries in an aggregate amount not to exceed at any time outstanding under this clause (3) the greater of (a) 15% of the Consolidated Net Worth of the Company or (b) the minimum amount which, if subtracted from such Consolidated Net Worth, would reduce such Consolidated Net Worth below \$3.2 billion and, in each case, with respect to which the Company or such Specified Subsidiary shall in good faith be prosecuting an appeal or proceedings for review, or Liens for the purpose of obtaining a stay or discharge in the course of any legal proceedings;

(4) Liens for taxes if such taxes are not delinquent or thereafter can be paid without penalty, or are being contested in good faith by appropriate proceedings, or minor survey exceptions or minor encumbrances, easements or restrictions which do not in the aggregate materially detract from the value of the property so encumbered or restricted or materially impair their use in the operation of the business of the Company or any Specified Subsidiary owning such property;

(5) Liens in favor of any government or department or agency thereof or in favor of a prime contractor under a government contract and resulting from the acceptance of progress or partial payments under government contracts or subcontracts thereunder;

(6) Liens existing on December 1, 1991;

(7) purchase money liens or security interests in property acquired or held by the Company or any Specified Subsidiary in the ordinary course of business to secure the purchase price thereof or Indebtedness incurred to finance the acquisition thereof;

(8) Liens existing on property at the time of its acquisition;

(9) the rights of Xerox Credit Corporation relating to a certain reserve account established pursuant to an operating agreement dated as of November 1, 1980, between the Company and Xerox Credit Corporation;

Table of Contents

(10) the replacement, extension or renewal of any of the foregoing; and

(11) Liens on any assets of any Specified Subsidiary of up to \$500.0 million incurred since December 1, 1991 in connection with the sale or assignment of assets of such Specified Subsidiary for cash where the proceeds are applied to repayment of Indebtedness of such Specified Subsidiary and/or invested by such Specified Subsidiary in assets which would be reflected as receivables on the balance sheet of such Specified Subsidiary.

In addition, if after January 17, 2002, any Capital Markets Debt of the Company or any Restricted Subsidiary becomes secured by a Lien pursuant to any provision similar to the covenant in the immediately preceding paragraph, then, for so long as such Capital Markets Debt of the Company is secured by such Lien (and *provided* that any Lien created for the benefit of the Holders of the Notes pursuant to this sentence shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in the imposition of the Lien hereunder):

(1) in the case of a Lien securing Subordinated Indebtedness, the Notes shall be secured by a Lien on the same property as such Lien that is senior in priority to such Lien; and

(2) in all other cases, the Notes shall be equally and ratably secured by a Lien on the same property as such Lien.

Merger, Consolidation and Sale of Assets. The Company will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person, or sell, assign, transfer, lease, convey or otherwise dispose of (or cause or permit any Restricted Subsidiary of the Company to sell, assign, transfer, lease, convey or otherwise dispose of) all or substantially all the Company's assets (determined on a consolidated basis for the Company and the Company's Restricted Subsidiaries) whether as an entirety or substantially as an entirety to any Person unless:

(1) either:

(a) the Company shall be the surviving or continuing corporation; or

(b) the Person (if other than the Company) formed by such consolidation or into which the Company is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Company and of the Company's Restricted Subsidiaries substantially as an entirety (the "Surviving Entity"):

(x) shall be a corporation organized and validly existing under the laws of the United States or any State thereof or the District of Columbia; and

(y) shall expressly assume, by supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance of every covenant of the Notes and the Indenture on the part of the Company to be performed or observed;

(2) immediately after giving effect to such transaction and the assumption contemplated by clause (1)(b)(y) above, no Default or Event of Default shall have occurred or be continuing; and

(3) the Company or the Surviving Entity shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the applicable provisions of the Indenture and that all conditions precedent in the Indenture relating to such transaction have been satisfied.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all the properties or assets of one or more Restricted Subsidiaries of the Company, the Capital Stock of which constitutes all or substantially all the properties and assets of the Company, shall be deemed to be the transfer of all or substantially all the properties and assets of the Company.

[Table of Contents](#)

The Indenture will provide that upon any consolidation, combination or merger or any transfer of all or substantially all the assets of the Company in accordance with the foregoing, in which the Company is not the continuing corporation, the successor Person formed by such consolidation or into which the Company is merged or to which such conveyance, lease or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture and the Notes with the same effect as if such surviving entity had been named as such.

Notwithstanding the foregoing, the Company need not comply with clause (2) of the first paragraph of this covenant in connection with (x) a sale, assignment, transfer, conveyance or other disposition of assets between or among the Company and any of its Wholly Owned Restricted Subsidiaries or (y) any merger of the Company with or into any Wholly Owned Restricted Subsidiary or (z) a merger by the Company with an Affiliate incorporated or organized solely for the purpose of reincorporating or reorganizing the Company in another jurisdiction.

Events of Default

The following events are defined in the Indenture as “Events of Default” with respect to a series of Notes:

- (1) the failure to pay interest on Notes of such series when the same becomes due and payable and the default continues for a continuous period of 30 days;
- (2) the failure to pay the principal on Notes of such series, when such principal becomes due and payable, at maturity, upon redemption or otherwise (including the failure to make a payment to purchase Notes tendered pursuant to a Change of Control Offer);
- (3) a default in the observance or performance of any other covenant or agreement contained in the Indenture which default relates to the Notes and continues for a period of 90 days after the Company receives written notice specifying the default (and demanding that such default be remedied) from the Trustee or the Holders of at least 25% of the outstanding principal amount of the Notes of such series (except in the case of a default with respect to the “Merger, Consolidation and Sale of Assets” covenant, which will constitute an Event of Default with such notice requirement but without such passage of time requirement); or
- (4) certain events of bankruptcy affecting the Company or any of its Significant Subsidiaries.

If an Event of Default (other than an Event of Default specified in clause (4) above with respect to the Company) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of outstanding Notes of the affected series under the Indenture may declare the principal of and accrued interest on all the Notes of such series under the Indenture to be due and payable by notice in writing to the Company and the Trustee specifying the respective Event of Default and that it is a “notice of acceleration,” and the same shall become immediately due and payable. If an Event of Default specified in clause (4) above with respect to the Company occurs and is continuing, then all unpaid principal of, and premium, if any, and accrued and unpaid interest on all of the outstanding Notes shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Indenture will provide that, at any time after a declaration of acceleration with respect to a series of Notes as described in the preceding paragraph, the Holders of a majority in principal amount of Notes of such series under the Indenture may rescind and cancel such declaration and its consequences:

- (1) if the rescission would not conflict with any judgment or decree;
- (2) if all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration;
- (3) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

[Table of Contents](#)

(4) if the Company has paid the Trustee its reasonable compensation and reimbursed the Trustee for its expenses, disbursements and advances.

No such rescission shall affect any subsequent Default or impair any right consequent thereto.

The Holders of a majority in principal amount of the Notes of the affected series under the Indenture may waive any existing Default or Event of Default under such series, and its consequences, except a default in the payment of the principal of or interest on any Notes of such series.

Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture and under the TIA. Subject to the provisions of the Indenture relating to the duties of the Trustee, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the Holders, unless such Holders have offered to the Trustee reasonable indemnity. Subject to all provisions of the Indenture and applicable law, the Holders of a majority in aggregate principal amount of the then outstanding Notes of any affected series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee.

Under the Indenture, the Company is required to provide an officers' certificate to the Trustee promptly upon any such officer obtaining knowledge of any Default or Event of Default (*provided* that such officers shall provide such certification at least annually whether or not they know of any Default or Event of Default) that has occurred and, if applicable, describe such Default or Event of Default and the status thereof.

Legal Defeasance and Covenant Defeasance

The Company may, at its option and at any time, elect to have its obligations discharged with respect to any series of the outstanding Notes ("Legal Defeasance"). Such Legal Defeasance means that the Company shall be deemed to have paid and discharged the entire indebtedness represented by such series of outstanding Notes, except for:

- (1) the rights of Holders of such series to receive payments in respect of the principal of, premium, if any, and interest on such series of Notes when such payments are due from the trust fund referred to below;
- (2) the Company's obligations with respect to such series of Notes concerning issuing temporary Notes, issuing Notes to replace mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payments;
- (3) the rights, powers, trust, duties and immunities of the Trustee and the Company's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company released with respect to certain covenants (other than, among others, the covenant to make payments in respect of the principal of, premium, if any, and interest on the Notes) that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, reorganization and insolvency events) described under "Events of Default" will no longer constitute Events of Default with respect to the Notes. The Company may exercise its Legal Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Company must irrevocably deposit with the Trustee, in trust for the benefit of the Holders of the applicable series of Notes, cash in U.S. dollars, non-callable U.S. government obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of

independent public accountants, to pay the principal of, premium, if any, and interest on the applicable Notes on the stated date for payment thereof or on the applicable redemption date, as the case may be;

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that:

(a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling; or

(b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the applicable Holders will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that the applicable Holders will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Indenture or any other material agreement or instrument to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;

(6) the Company shall have delivered to the Trustee an officers' certificate stating that the deposit was not made by the Company with the intent of preferring the Holders over any other creditors of the Company or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Company or others;

(7) the Company shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(8) certain other customary conditions precedent are satisfied.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all Notes not theretofore delivered to the Trustee for cancellation (1) have become due and payable or (2) will become due and payable on the maturity date within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights of transfer or exchange of the applicable Notes, as expressly provided for in the Indenture) as to all outstanding Notes under the Indenture when:

(1) either:

(a) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust) have been delivered to the Trustee for cancellation; or

(b) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable within one year or as a result of a mailing of a notice of redemption and the Company has irrevocably deposited or caused to be deposited with the Trustee cash or non-callable U.S. government obligations or a combination thereof in an amount sufficient to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) the Company has paid all other sums payable under the Indenture by the Company; and

(3) the Company has delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Modification of the Indenture

From time to time, the Company and the Trustee, without the consent of the Holders, may amend the Indenture for certain specified purposes, including curing ambiguities, defects or inconsistencies, complying with the covenant described under “—Covenants—Merger, Consolidation and Sale of Assets,” complying with any requirement of the Commission in connection with qualifying, or maintaining the qualification of, the Indenture under the TIA and making any change that does not adversely affect the rights of any Holder of the Notes in any material respect. Other modifications and amendments of the Indenture as it applies to a series of Notes may be made with the consent of the Holders of a majority in principal amount of the then outstanding Notes of such series, except that, without the consent of each Holder affected thereby, no amendment may:

(1) reduce the amount of Notes whose Holders must consent to an amendment;

(2) reduce the rate of or change or have the effect of changing the time for payment of interest, including defaulted interest, on any Notes;

(3) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption or reduce the redemption price therefor;

(4) make any Notes payable in money other than that stated in the Notes;

(5) make any change in provisions of the Indenture protecting the right of each Holder to receive payment of principal of and interest on such Note on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of Notes to waive Defaults or Event of Default;

(6) after the Company's obligation to purchase Notes arises thereunder, amend, change or modify in any material respect the obligation of the Company to make and consummate a Change of Control Offer in the event of a Change of Control or, after such Change of Control has occurred, modify any of the provisions or definitions with respect thereto; provided, that for purposes of this provision, a Change of Control shall not be deemed to have occurred upon the entering into or execution of any agreement or instrument notwithstanding that the consummation of the transactions contemplated by such agreement or instrument would result in a Change of Control as defined in the Indenture if such agreement or instrument expressly provides that it shall be a condition to closing thereunder that the Holders of the Notes shall have waived the Change of Control on or prior to such closing unless and until such condition is waived by the parties to such agreement or instrument or the Change of Control has actually occurred; or

(7) modify or change any provision of the Indenture or the related definitions affecting the ranking of the Notes in a manner which adversely affects the Holders.

Governing Law

The Indenture will provide that it and the Notes will be governed by, and construed in accordance with, the laws of the State of New York but without giving effect to applicable principles of conflicts of law to the extent that the application of the law of another jurisdiction would be required thereby.

The Trustee

The Indenture will provide that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. During the existence of an Event of Default, the Trustee will exercise such rights and powers vested in them by the Indenture, and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs.

The Indenture and the provisions of the TIA contain certain limitations on the rights of the Trustee, should any Trustee become a creditor of the Company, to obtain payments of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise. Subject to the TIA, the Trustee will be permitted to engage in other transactions; *provided* that if the Trustee acquire any conflicting interest as described in the TIA, they must eliminate such conflict or resign.

The following summary of certain provisions of the instruments evidencing our material indebtedness does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the agreements summarized below. We have previously filed with the SEC copies of the agreements summarized below. See “Where You Can Find More Information.” You should refer to those documents for the complete terms of the instruments evidencing our material indebtedness.

2006 Credit Facility

The 2006 Credit Facility is a \$1.25 billion unsecured revolving credit facility including a \$200 million letter of credit subfacility. The facility allows us to increase from time to time, with willing lenders, the overall size of the 2006 Credit Facility to an aggregate amount not to exceed \$2 billion. The facility is available, without sublimit, to certain of our qualifying subsidiaries.

Our obligations under the facility are unsecured and are not guaranteed by any of our subsidiaries. However, if in the future any of our domestic subsidiaries guarantees any debt for money borrowed by us of more than \$100 million, that subsidiary is required to guaranty our obligations under the facility as well. In the event that any of our subsidiaries borrow under the facility, its borrowings thereunder would be guaranteed by us.

Borrowings under the 2006 Credit Facility bear interest at LIBOR plus a spread that will vary between 0.32% and 1.20% depending on our then-current credit ratings. In addition, we are required to pay a facility fee on the aggregate amount of the revolving credit facility. As of June 30, 2006, the interest rate on borrowings under the 2006 Credit Facility was 8.25% and the facility fee rate was 0.175%.

The 2006 Credit Facility matures in April 2011, subject to our right to request a one-year extension on each of the first and second anniversaries of the facility. The facility contains various conditions to borrowing, and affirmative, negative and financial maintenance covenants. Certain of the more significant covenants are summarized below:

- (a) Maximum leverage ratio (a quarterly test that is calculated as debt for borrowed money divided by consolidated EBITDA) ranging from 4.25 to 3.25 over the life of the facility.
- (b) Minimum interest coverage ratio (a quarterly test that is calculated as consolidated EBITDA divided by consolidated interest expense) may not be less than 3.00:1.
- (c) Limitations on (i) liens of Xerox and certain of our subsidiaries securing debt, (ii) certain fundamental changes to corporate structure, (iii) changes in nature of business and (iv) limitations on debt incurred by certain subsidiaries.

The 2006 Credit Facility also contains various events of default, the occurrence of which could result in a termination by the lenders and the acceleration of all our obligations under the facility. These events of default include, without limitation: (i) payment defaults, (ii) breaches of covenants under the facility (certain of which breaches do not have any grace period), (iii) cross-defaults and acceleration to certain of our other obligations and (iv) a change of control of Xerox.

As of June 30, 2006, we had borrowing capacity under the 2006 Credit Facility of \$1.115 billion, reflecting \$135 million of outstanding borrowings and letters of credit that have been utilized.

Liabilities to Subsidiary Trusts Issuing Preferred Securities

In 1997, Xerox Capital Trust I (“Trust I”) issued 650,000 of 8.0% preferred securities (the “Preferred Securities”) to investors for \$644 million (\$650 million liquidation value) and 20,103 shares of common securities to us for \$20 million. With the proceeds from these securities, Trust I purchased \$670 million principal

amount of 8.0% Junior Subordinated Debentures due 2027 of the Company (the “Debentures”). The Debentures represent all of the assets of Trust I. On a consolidated basis, we received net proceeds of \$637 million which was net of fees and discounts of \$13 million. Interest expense, together with the amortization of debt issuance costs and discounts, amounted to \$54 million, \$54 million and \$52 million in 2005, 2004 and 2003, respectively. We have guaranteed (the “Trust Guarantee”), on a subordinated basis, distributions and other payments due on the Preferred Securities. The Trust Guarantee and our obligations under the Debentures and in the indenture pursuant to which the debentures were issued and our obligations under the Amended and Restated Declaration of Trust governing the trust, taken together, provide a full and unconditional guarantee of amounts due on the Preferred Securities. The Preferred Securities accrue and pay cash distributions semiannually at a rate of 8% per year of the stated liquidation amount of one thousand dollars per Preferred Security. The Preferred Securities are mandatorily redeemable upon the maturity of the Debentures on February 1, 2027, or earlier to the extent of any redemption by us of any Debentures. We have the right to redeem the Debentures and cause the early redemption of the Preferred Securities at any time on or after February 1, 2007, for a declining premium payment. The redemption price of the Preferred Securities at the time of an optional redemption will be the premium price, and the redemption price of the Preferred Securities at maturity will be one thousand dollars per share, in each case plus accrued and unpaid distributions to the date fixed for redemption.

Description of Senior Secured Loan Agreement with GECC

In October 2002, Xerox Lease Funding LLC, a special purpose Delaware limited liability company that is our wholly-owned subsidiary (“Funding SPE”) entered into an Amended and Restated Loan Agreement (the “Loan Agreement”) with General Electric Capital Corporation (“GECC”) whereby GECC became our primary equipment financing provider in the U.S. through loans secured by new lease originations. The Loan Agreement has an initial term of eight years and, commencing at the end of 2010, will automatically renew for successive two-year periods unless either we or GECC has elected not to have the Loan Agreement renew at least one year before a renewal would otherwise occur.

[Table of Contents](#)

The Loan Agreement provides for secured loans of up to \$5 billion outstanding at any one time. GECC makes loans under the Loan Agreement to Funding SPE. Funding SPE uses the loan proceeds to purchase our finance receivables. The maximum potential level of borrowing under the Loan Agreement is a function of the size of the portfolio of finance receivables generated by us that meet GECC's funding requirements and cannot exceed \$5 billion in any event. All obligations under the Loan Agreement are secured by the receivables being financed by GECC, the contracts relating to the receivables being financed by GECC and other related security. GECC's obligation to make loans under the Loan Agreement is subject to the satisfaction of certain customary representations, warranties and covenants.

The interest rate on each loan is fixed and is calculated when the loan is made based on yield rates consistent with average rates for similar market-based transactions. Consistent with the loans already received from GECC, the amounts borrowed under the Loan Agreement are recorded as secured borrowings and the associated receivables are included in our balance sheet. As of June 30, 2006, \$1.198 billion was outstanding under the Loan Agreement.

GECC's commitment to fund under the Loan Agreement is not contingent on us achieving or maintaining any particular credit rating. There are no credit rating defaults that could impair future funding under the Loan Agreement. The Loan Agreement contains various default provisions, including cross default provisions related to certain financial covenants contained in the 2006 Credit Facility and other significant debt facilities, which are discussed below. Most types of defaults would impair our ability to receive subsequent funding until the default is cured or waived but would not accelerate the repayment of our outstanding borrowings. However, certain types of defaults would result in an acceleration of outstanding borrowings. As of June 30, 2006, we were in compliance with all covenants under the Loan Agreement and expect to be in compliance for at least the next twelve months.

The following are events of default under the Loan Agreement:

- the occurrence of a Termination Event (defined below);
- a voluntary or involuntary bankruptcy of Xerox (remaining undismissed or unstayed for 60 days or more); or
- Xerox becomes an "Investment Company" within the meaning of the Investment Company Act of 1940.

Upon the occurrence of an event of default described in (b) or (c) above, GECC can terminate its obligation to make any further loans and can accelerate the maturity of any or all then-outstanding loans. Upon the occurrence of a Termination Event, GECC can terminate its obligation to make any further loans, but is not entitled to accelerate the maturity of outstanding loans. The loans under the Loan Agreement are generally non-recourse to Xerox. Therefore, even if GECC were to accelerate the maturity of outstanding loans, its only recourse would be to proceed against the financed receivables held by Funding SPE who is the borrower under the Loan Agreement.

The term "Termination Event" includes, but is not limited to, the following events that would allow GECC to terminate the Loan Agreement:

- any default under the 2006 Credit Facility or any facility in excess of \$75 million which replaces or refinances the 2006 Credit Facility, at any time that loans or advances are outstanding thereunder, where the default or event of default relates to or is determined by the net worth of Xerox, including without limitation, a default under Section 5.03 (Leverage Ratio) or Section 5.03(b) (Interest Coverage Ratio) of the 2006 Credit Facility;
- any default or event of default under any indebtedness of Xerox (or any subsidiary of Xerox) for borrowed money (or any indebtedness for borrowed money guaranteed by Xerox or any subsidiary of Xerox) in excess of \$75 million in the aggregate if such default or event of default gives rise to an acceleration of the maturity of such indebtedness;

Table of Contents

- voluntary or involuntary bankruptcy of Xerox (remaining undismissed or unstayed for 60 days or more);
- a change of control of Xerox, including a sale of all or substantially all of Xerox's assets or the acquisition by a person or related group of persons of 30% or more of the voting stock of Xerox, if the person acquiring control is a competitor of GECC or does not have debt that is rated investment grade;
- a material breach of payment obligations or certain other specified provisions by Xerox (or Funding SPE or the other special purpose Xerox subsidiary utilized in structuring the transaction) under the Loan Agreement or any related agreement;
- an equipment service default where Xerox fails to provide specified levels of service with respect to the equipment related to the receivables financed by GECC;
- an equipment supply default where Xerox fails to ship specified levels of supplies with respect to the equipment related to the receivables financed by GECC;
- a change in operations of Xerox where Xerox ceases to offer lease or loan financing to non-consumer customers and, after that change, the aggregate outstanding balance under the Loan Agreement is less than \$500 million;
- a sales channel termination event where 50% or more of Xerox's aggregate sales to non-consumer customers are comprised of sales to dealers, distributors, wholesalers or other persons who are not non-consumer end-users of the equipment, Xerox and GECC fail to reach agreement within six months on how to amend the Loan Agreement to adjust for the consequences of the change in sales channels, and the aggregate outstanding balance under the Loan Agreement is less than \$500 million; or
- the joint venture established by us and GECC that services the receivables financed by GECC is dissolved.

Description of 2004 Secured Trade Receivables Facility with GECC

In June 2004 we completed a transaction with General Electric Capital Corporation ("GECC") for a three-year \$400 million revolving credit facility secured by U.S. accounts receivable (the "Trade Facility"). Any borrowings under the Trade Facility are accounted for as secured borrowings as both the accounts receivable and related borrowings would be reflected in our condensed consolidated balance sheets. As of June 30, 2006, there were no outstanding borrowings under the Trade Facility.

Under the Trade Facility, GECC makes monthly revolving loans to Xerox Trade Receivables LLC, a special purpose Delaware limited liability company that is our wholly-owned subsidiary ("Trade SPE"). Trade SPE uses the loan proceeds to purchase our trade receivables. All obligations under the Trade Facility are secured by the receivables being financed by GECC, the contracts relating to such receivables and other related security. GECC's obligation to make loans under the Trade Facility is subject to the receivables satisfying certain criteria and the satisfaction of certain customary representations, warranties and covenants.

The interest rate on each loan is fixed and is calculated when the loan is made based on 30-day LIBOR rates.

GECC's commitment to fund under the Trade Facility is not contingent on us achieving or maintaining any particular credit rating. There are no credit rating defaults that could impair future funding under the Trade Facility. The Trade Facility contains various default provisions, but does not contain cross default provisions related to financial covenants of Xerox contained in other significant debt facilities. Most types of defaults would accelerate the repayment of our outstanding borrowings. The loans under the Trade Facility are generally non-recourse to Xerox. Therefore, even if GECC were to accelerate the maturity of outstanding loans, its only recourse would be to proceed against the receivables held by Trade SPE as the borrower under the Trade Facility. As of June 30, 2006, we were in compliance with all covenants under the Trade Facility and expect to be in compliance for at least the next twelve months.

[Table of Contents](#)

In addition to customary events of default, the following are some of the other events of default under the Trade Facility:

- any default or event of default under any indebtedness of Xerox (or Trade SPE) for borrowed money (or any indebtedness for borrowed money guaranteed by Xerox or Trade SPE) in excess of \$50 million in the aggregate if such default or event of default gives rise to an acceleration of the maturity of such indebtedness;
- voluntary or involuntary bankruptcy of Xerox or Trade SPE (remaining undismissed or unstayed for 90 days or more);
- a change of control of Xerox (including a sale of all or substantially all of Xerox's assets or the acquisition by a person or related group of persons of 20% or more of the voting stock of Xerox), or of the joint venture established by us and GECC ("XCS") that services the receivables financed by GECC under the Trade Facility and the Loan Agreement or of Trade SPE;
- GECC ceases to be the manager of XCS or an event occurs that gives GECC the right to terminate the servicing responsibilities of XCS; and
- a breach of payment obligations or certain other specified provisions by Trade SPE under the Trade Facility and related documents.

**CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES FOR
NON-UNITED STATES HOLDERS**

The following is a general discussion of the anticipated material United States federal income tax consequences to a Non-U.S. Holder (as defined below) of the acquisition, ownership and disposition of the notes. Unless otherwise stated, this discussion is limited to the tax consequences to those Non-U.S. Holders who are the original beneficial owners of the notes and who hold such notes as capital assets. This discussion does not address specific tax consequences that may be relevant to particular persons (including, for example, pass-through entities (e.g., partnerships) or persons who hold the notes through pass-through entities, banks or financial institutions, broker-dealers, insurance companies, regulated investment companies, tax-exempt entities, common trust funds, controlled foreign corporations, dealers in securities or currencies, persons that have a functional currency other than the U.S. dollar and persons in special situations, such as those who hold notes as part of a straddle, hedge, conversion transaction, or other integrated investment). In addition, this discussion does not describe any tax consequences arising under United States federal gift and estate or other federal tax laws or under the tax laws of any state, local or foreign jurisdiction. This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), the Treasury Department regulations (the "Treasury Regulations") promulgated thereunder, and administrative and judicial interpretations thereof, all as of the date hereof and all of which are subject to change, possibly with retroactive effect.

Prospective purchasers of the notes are urged to consult their tax advisors concerning the United States federal income tax consequences to them of acquiring, owning and disposing of the notes, as well as the application of state, local and foreign income and other tax laws.

For purposes of this discussion, a Non-U.S. Holder is a holder that is not a U.S. person or a partnership. A "U.S. person" means (i) a citizen or individual resident of the United States; (ii) a corporation (including an entity treated as a corporation for United States federal income tax purposes) or a partnership created or organized in or under the laws of the United States or any political subdivision thereof; (iii) an estate, the income of which is subject to United States federal income tax regardless of the source; or (iv) a trust, if a court within the United States is able to exercise primary supervision over the trust's administration and one or more U.S. persons have the authority to control all its substantial decisions, or if the trust was in existence on August 20, 1996, and has properly elected to continue to be treated as a U.S. person. If a partnership holds our notes, the United States federal income tax consequences of payments received by such partnership will in many cases be determined by reference to the status of a partner and the activities of the partnership.

Payments of Interest. Payments of principal and interest on the notes by us or any of our agents to a Non-U.S. Holder will not be subject to United States federal withholding tax, *provided that*:

- (1) the Non-U.S. Holder does not actually or constructively own 10 percent or more of the total combined voting power of all classes of our stock entitled to vote;
- (2) the Non-U.S. Holder is not a controlled foreign corporation that is related to us through stock ownership; and
- (3) either (A) the beneficial owner of the notes certifies to us or our agent on IRS Form W-8BEN (or successor form), under penalties of perjury, that it is not a U.S. person and provides its name and address and the certificate is renewed periodically as required by the Treasury Regulations, or (B) the notes are held through certain foreign intermediaries and the beneficial owner of the notes satisfies certification requirements of applicable Treasury Regulations, and in either case, neither we nor our agent has actual knowledge or reason to know that the beneficial owner of the note is a U.S. person. Special certification rules apply to certain Non-U.S. Holders that are entities rather than individuals.

[Table of Contents](#)

If a Non-U.S. Holder cannot satisfy the requirements of the portfolio interest exemption described above (the “Portfolio Interest Exemption”), payments of interest made to such Non-U.S. Holder will be subject to a 30% withholding tax unless the beneficial owner of the note provides us or our agent, as the case may be, with a properly executed:

- (1) IRS Form W-8BEN (or successor form) claiming an exemption from withholding or reduced rate of tax under the benefit of an applicable tax treaty (a “Treaty Exemption”) or
- (2) IRS Form W-8ECI (or successor form) stating that interest paid on the note is not subject to withholding tax because it is effectively connected with the conduct of a U.S. trade or business of the beneficial owner,

each form to be renewed periodically as required by the Treasury Regulations.

If interest on the note is effectively connected with the conduct of a U.S. trade or business of the beneficial owner, the Non-U.S. Holder, although exempt from the withholding tax described above, will be subject to United States federal income tax on such interest on a net income basis in the same manner as if it were a U.S. holder. In addition, if such Non-U.S. Holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of its effectively connected earnings and profits for the taxable year, subject to adjustments. For this purpose, interest on a note will be included in such foreign corporation’s earnings and profits.

Disposition of Notes. Generally, no withholding of United States federal income tax will be required with respect to any gain realized by a Non-U.S. Holder upon the sale, exchange or other disposition of a note.

A Non-U.S. Holder will not be subject to United States federal income tax on gain realized on the sale, exchange or other disposition of a note unless (a) the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 or more days in the taxable year of the disposition and certain other conditions are met, or (b) such gain is effectively connected with the Non-U.S. Holder’s U.S. trade or business.

Information Reporting and Backup Withholding

Information reporting and backup withholding will not be required with respect to payments that we make to a Non-U.S. Holder if the Non-U.S. Holder has (i) furnished documentation establishing eligibility for the Portfolio Interest Exemption or a Treaty Exemption (*provided* that, in the case of a sale of a note by an individual, Form W-8BEN (or successor form) includes a certification that the individual has not been, and does not intend to be, present in the United States for 183 days or more days for the relevant period) or (ii) otherwise establishes an exemption, *provided* that neither we nor our agent has actual knowledge that the holder is a U.S. person or that the conditions of any exemption are not in fact satisfied. Certain additional rules may apply where the notes are held through a custodian, nominee, broker, foreign partnership or foreign intermediary.

In addition, information reporting and backup withholding will not apply to the proceeds of the sale of a note made within the United States or conducted through certain United States related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge that the Non-U.S. Holder is a U.S. person, or the Non-U.S. Holder otherwise establishes an exemption.

IRS Circular 230 Disclosure

Any U.S. federal tax advice contained in this prospectus supplement is not intended or written to be used, and cannot be used, for the purpose of avoiding tax penalties under the Code. This advice was written in connection with the promotion and marketing of the notes. Prospective purchasers of the notes should seek advice based on their particular circumstances from an independent tax advisor.

BOOK-ENTRY, DELIVERY AND FORM

We have obtained the information in this section concerning The Depository Trust Company (“DTC”), Clearstream Banking, S.A., Luxembourg (“Clearstream, Luxembourg”) and Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”) and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream, Luxembourg and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

Each series of the notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC’s nominee). You may hold your interests in the global notes in the United States through DTC, or in Europe through Clearstream, Luxembourg or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers’ securities accounts in Clearstream, Luxembourg’s or Euroclear’s names on the books of their respective depositaries, which in turn will hold those positions in customers’ securities accounts in the depositaries’ names on the books of DTC. Citibank, N.A. will act as depositary for Clearstream, Luxembourg and JPMorgan Chase Bank, N.A. will act as depositary for Euroclear.

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Unless and until we issue the notes of a series in fully certificated, registered form under the limited circumstances described below under the heading “—Certificated Notes”:

- you will not be entitled to receive a certificate representing your interest in the notes of that series;
- all references in this prospectus or an accompanying prospectus supplement to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and
- all references in this prospectus or an accompanying prospectus supplement to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes of that series, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC will act as securities depositary for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC is:

- a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” under the New York Banking Law;
- a member of the Federal Reserve System;

[Table of Contents](#)

- a “clearing corporation” under the New York Uniform Commercial Code; and
- a “clearing agency” registered under the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants’ accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants. Indirect participants of DTC, such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

Purchases of notes under DTC’s system must be made by or through direct participants, which will receive a credit for the notes on DTC’s records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in “—Certificated Debt Securities.”

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC’s nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC’s records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Book-Entry Format

Under the book-entry format, the trustee will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants (including Clearstream, Luxembourg or Euroclear) or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC, Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. In addition, we and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC, Clearstream, Luxembourg, Euroclear or any of their direct or indirect

participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Transfers Within and Among Book-Entry Systems

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with its applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to the depositories.

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream,

[Table of Contents](#)

Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and Euroclear has agreed to the foregoing procedures in order to facilitate transfers of debt securities among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

- we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;
- an event of default has occurred and is continuing under the indenture; or
- we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the debt securities in fully certificated registered form and will recognize the registered holders of the certificated debt securities as holders under the indenture.

Unless and until we issue the notes of a series in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes of that series; (2) all references in this prospectus or an accompanying prospectus supplement to actions by holders will refer to actions taken by the depositary upon instructions from their direct participants; and (3) all references in this prospectus or an accompanying prospectus supplement to payments and notices to holders will refer to payments and notices to the depositary, as the registered holder of the notes of that series, for distribution to you in accordance with its policies and procedures.

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the notes if any of them are purchased.

The underwriters propose to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement. The underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.40% of the principal amount, in the case of the fixed rate notes, and 0.20% of the principal amount, in the case of the floating rate notes. The underwriters may allow, and dealers may re-allow, a concession not to exceed 0.25% of the principal amount to other dealers, in the case of the fixed rate notes, and 0.25% of the principal amount, in the case of the floating rate notes. After the initial offerings, the underwriters may change the public offering prices and any other selling terms. The underwriters may offer and sell notes through certain of their affiliates.

The following table shows the underwriting discounts and commissions to be paid to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	Paid by Us
Per fixed rate note	1.00%
Per floating rate note	0.50%

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The fixed rate notes and the floating rate notes are each a new issue of securities, and there is currently no established trading market for either series of the notes. We do not intend to apply for either series of the notes to be listed on any securities exchange or to arrange for either series of the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue any market making in the notes at any time in their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes, that you will be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable.

We estimate that our total expenses of this offering will be approximately \$650,000. The underwriters have agreed to reimburse us for a portion of those expenses. Certain of the underwriters and their affiliates have performed various financial advisory, investment banking and commercial banking services from time to time for us and our affiliates. Certain of the underwriters or their affiliates are lenders and/or agents under our 2006 Credit Facility. They have received (or will receive) customary fees and commissions for these transactions. Anne M. Mulcahy, Chairman and Chief Executive Officer of Xerox Corporation, is a Director of Citigroup Inc., the parent company of Citigroup Global Markets Inc. Ann N. Reese, a Director of Xerox Corporation, is a Director of Merrill Lynch & Co., Inc., the parent company of Merrill Lynch, Pierce, Fenner & Smith Incorporated.

In connection with this offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of the notes in excess of the amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. The underwriters must close out any short position by purchasing the notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Member State it has not made and will not make an offer of notes to the public in that Member State, except that it may, with effect from and including such date, make an offer of notes to the public in that Member State:

- at any time in any other circumstances which do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of the above, the expression an “offer of notes to the public” in relation to any notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in that Member State.

United Kingdom

XEROX CORPORATION

Xerox Corporation is a leader in the global document market, developing, manufacturing, marketing, servicing and financing a complete range of document equipment, software, solutions and services. We operate in over 130 countries worldwide, and distribute our products in the Western Hemisphere through divisions, wholly-owned subsidiaries and third-party distributors. In Europe, Africa, the Middle East, India and parts of Asia, we distribute our products through Xerox Limited and related companies. We had approximately 62,800 employees at September 30, 2003.

The document industry is undergoing a fundamental transformation, including the continued transition from older light-lens devices to digital technology, the transition from black and white to color, the management of publishing and printing jobs over the internet, the use of variable data to create customized documents, increased reliance on outsourcing and the increase in mobile workers utilizing hand-held devices. Documents are increasingly created and stored in digital electronic form and the internet is increasing the amount of information that can be accessed in the form of electronic documents. We believe these trends play to the strengths of our product and service offerings and represent opportunities for future growth. Two important areas for growth include color and services and solutions that tailor our product and service offerings to solve industry specific customer problems.

We develop document technologies, systems, solutions and services intended to improve our customers' work processes and business results. Our success rests on our ability to understand our customers' needs and provide innovative document management solutions and services that deliver value to them. We deliver value to customers by leveraging our core competencies in technology, document knowledge, global sales and service, brand reputation and value added solutions across our three core markets—high-end production environments, small to large networked offices and services.

We compete in both monochrome (i.e. black and white) and color markets by providing the industry's broadest range of document products, solutions and services. Our products include printing and publishing systems, digital multi-function devices (which can print, copy, scan and fax) and digital copiers, laser and solid ink printers, fax machines, document-management software, and supplies such as toner, paper and ink. We also provide software and solutions that can improve document access for mobile workers and help businesses easily print books or create personalized documents for their customers. In addition, we provide a range of comprehensive document management services, such as operating in-house production centers, developing online document repositories and analyzing how customers can most efficiently create and share documents in the office.

Xerox is a New York corporation and our principal executive offices are located at 800 Long Ridge Road, P.O. Box 1600, Stamford, Connecticut 06904-1600. Our telephone number is (203) 968-3000.

RISK FACTORS

You should carefully consider the risks described below and other information contained in this prospectus and any prospectus supplement before making an investment decision. Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also impair our business operations. We cannot assure you that any of the events discussed in the risk factors below will not occur. If they do, our business, results of operations or financial condition could be materially adversely affected. In such an instance, the trading price of our securities could decline, and you might lose all or part of your investment.

This prospectus contains forward-looking statements made as of the date of this prospectus regarding our expected performance that involve certain risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below and elsewhere in this prospectus.

We face significant competition and our failure to compete successfully could adversely affect our results of operations and financial condition.

We operate in an environment of significant competition, driven by rapid technological advances and the demands of customers to become more efficient. Our competitors range from large international companies to relatively small firms. Some of the large international companies have significant financial resources and compete with us globally to provide document processing products and services in each of the markets we serve. We compete primarily on the basis of technology, performance, price, quality, reliability, brand, distribution and customer service and support. Our success in future performance is largely dependent upon our ability to compete successfully in the markets we currently serve and to expand into additional market segments. To remain competitive, we must develop new products and services and periodically enhance our existing offerings. If we are unable to compete successfully, we could lose market share and important customers to our competitors and that could materially adversely affect our results of operations and financial condition.

We need to successfully develop and market new product lines in order to maintain our market share.

Color printing and copying represents an important and growing segment of the market. A significant part of our strategy and ultimate success in this changing market is our ability to develop and market technology that produces color prints and copies quickly, easily and at reduced cost. Our continuing success in this strategy depends on our ability to make the investments and commit the necessary resources in this highly competitive market, as well as the pace of color adoption by our existing and prospective customers. If we are unable to develop and market advanced color technologies, we may be unable to capture these opportunities and it could materially adversely affect our results of operations and financial condition.

Our profitability is dependent upon our ability to obtain adequate pricing for our products.

Our success depends on our ability to obtain adequate pricing for our products and services which provides a reasonable return to our shareholders. Depending on competitive market factors, future prices we obtain for our products and services may decline from previous levels. In addition, pricing actions to offset the effect of currency devaluations may not prove sufficient to offset further devaluations or may not hold in the face of customer resistance and/or competition.

The level of our customer financing activities is dependent on our credit ratings and maintaining our third party financing arrangements.

The long-term viability and profitability of our customer financing activities is dependent, in part, on our ability to borrow and the cost of borrowing in the credit markets. This ability and cost, in turn, is dependent on our credit ratings. We are currently funding much of our customer financing activity through third-party

[Table of Contents](#)

financing arrangements, including several with General Electric Capital Corporation (GECC) in various geographies, cash generated from operations, cash on hand, capital markets offerings and securitizations. There is no assurance that we will be able to continue to fund our customer financing activity at present levels. We continue to negotiate and implement third-party vendor financing programs and actively pursue alternative forms of financing including securitizations and secured borrowings. Our ability to continue to offer customer financing and be successful in the placement of equipment with customers is largely dependent upon maintaining our third party financing arrangements.

Our profitability is dependent upon our ability to maintain an efficient operation.

Our ability to sustain and improve profit margins is largely dependent on our ability to continue to improve the cost efficiency of our operations through such programs as Lean Six Sigma and, to a lesser extent, our ability to successfully complete information technology initiatives. If we are unable to achieve productivity improvements through design efficiency and supplier and manufacturing cost improvements and information technology initiatives, our ability to offset labor cost inflation, potential materials cost increases and competitive price pressures would be impaired, all of which could materially adversely affect our results of operations and financial condition.

Our business, results of operations and financial condition may be negatively impacted by economic conditions abroad, including fluctuating foreign currencies and shifting regulatory schemes.

We derive approximately 40 percent of our revenue from operations outside of the United States. In addition, we manufacture or acquire many of our products and/or their components from outside the United States. Our future revenues, costs and results from operations could be affected by a number of factors, including changes in foreign currency exchange rates, changes in economic conditions from country to country, changes in a country's political conditions, trade protection measures, licensing requirements and local tax issues. We generally hedge foreign currency denominated assets and liabilities, primarily through the use of currency derivative contracts. The use of these derivative contracts mitigates volatility in our results of operations.

If we fail to successfully develop new technologies, we may be unable to retain and gain customers and our results of operations and financial condition could be adversely affected.

The process of developing new high technology products and solutions is inherently complex and uncertain. It requires accurate anticipation of customers' changing needs and emerging technological trends. We must make long-term investments and commit significant resources before knowing whether these investments will eventually result in products that achieve customer acceptance and generate the revenues required to provide desired returns from these investments. If we fail to accurately anticipate and meet our customers' needs through the development of new products or if our new products are not widely accepted, we could lose our customers and that could materially adversely affect our results of operations and financial condition.

Our results of operations and financial condition may be negatively impacted by revenue trends.

Our ability to return to and maintain a consistent trend of revenue growth over the intermediate to longer term is largely dependent upon expansion of our worldwide equipment placements, as well as sales of services and supplies occurring after the initial equipment placement (post sale revenue) in the key growth markets of color and multifunction devices. We expect that revenue growth can be further enhanced through our consulting services in the areas of document, content and knowledge management. The ability to achieve growth in our equipment placements is subject to the successful implementation of our initiatives to provide advanced systems, industry-oriented global solutions and services for major customers, improved direct sales productivity and expansion of our indirect distribution channels in the face of global competition and pricing pressures. Our ability to increase post sale revenue is largely dependent on our ability to increase equipment placements, equipment utilization and color adoption. Equipment placements typically occur through leases with original

[Table of Contents](#)

terms of three to five years. There will be a lag between the increase in equipment placement and an increase in post sale revenues. The ability to grow our customers' usage of our products may continue to be adversely impacted by the movement towards distributed printing and electronic substitutes and the impact of lower equipment placements in prior periods. If we are unable to return to and maintain a consistent trend of revenue growth, it could materially adversely affect our results of operations and financial condition.

If we are unable to continue to sustain our cost base at or below the current level and maintain process and systems changes, it could adversely affect our results of operations and financial condition.

Since early 2000, we have engaged in a series of restructuring programs related to downsizing our employee base, exiting certain businesses, outsourcing some internal functions and engaging in other actions designed to reduce our cost structure. These initiatives have resulted in more than \$1 billion in annualized cost savings. If we are unable to continue to sustain our cost base at or below the current level and maintain process and systems changes resulting from the restructuring actions, it could materially adversely affect our results of operations and financial condition.

Our substantial debt could adversely affect our financial health and pose challenges for conducting our business.

We have and will continue to have a substantial amount of debt and other obligations. As of September 30, 2003, we had \$11.814 billion of total debt (\$4.082 billion of which is secured by finance receivables) and \$1.720 billion of mandatory redeemable preferred securities. Cash and cash equivalents were \$2.270 billion at September 30, 2003.

Our substantial debt and other obligations could have important consequences. For example, it could:

- increase our vulnerability to general adverse economic and industry conditions;
- limit our ability to obtain additional financing for future working capital, capital expenditures, acquisitions and other general corporate requirements;
- increase our vulnerability to interest rate fluctuations because a portion of our debt has variable interest rates;
- require us to dedicate a substantial portion of our cash flows from operations to service debt and other obligations thereby reducing the availability of our cash flows from operations for other purposes;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- place us at a competitive disadvantage compared to our competitors that have less debt; and
- become due and payable upon a change in control.

If new debt is added to our current debt levels, these related risks could increase.

Any failure to be in compliance with any material provision or covenant of the existing credit facility, the indentures governing our outstanding Senior Notes or the GECC loan agreement could have a material adverse effect on our liquidity, results of operations and financial condition.

The adequacy of our liquidity depends on our ability to successfully generate positive cash flow from an appropriate combination of efficient operations and improvements therein, financing from third parties, access to capital markets and additional asset sales, including sales or securitizations of our receivables portfolios. On June 25, 2003, we completed a \$3.6 billion recapitalization (the "Recapitalization") that included the offering and sale of 9.2 million shares of 6.25 percent Series C Mandatory Convertible Preferred Stock, 46 million shares of Common Stock, \$700 million of 7-1/8 percent Senior Notes due 2010 and \$550 million 7-5/8 percent Senior

[Table of Contents](#)

Notes due 2013 and the closing of our new \$1.0 billion credit agreement which matures on September 30, 2008 (the "2003 Credit Facility"). The 2003 Credit Facility consists of a fully drawn \$300 million term loan and a \$700 million revolving credit facility (which includes a \$200 million sub-facility for letters of credit). With \$2.3 billion of cash and cash equivalents on hand at September 30, 2003 and borrowing capacity under our 2003 Credit Facility of \$700 million less \$78 million utilized for letters of credit, we believe our liquidity (including operating and other cash flows that we expect to generate) will be sufficient to meet operating cash flow requirements as they occur and to satisfy all scheduled debt maturities for at least the next twelve months; however, our ability to maintain positive liquidity going forward depends on our ability to generate cash from operations and access to the financial markets, both of which are subject to general economic, financial, competitive, legislative, regulatory and other market factors that are beyond our control.

The 2003 Credit Facility contains affirmative and negative covenants including limitations on: issuance of debt and preferred stock; investments and acquisitions; mergers; certain transactions with affiliates; creation of liens; asset transfers; hedging transactions; payment of dividends and certain other payments and intercompany loans. The 2003 Credit Facility contains financial maintenance covenants, including minimum EBITDA, as defined, maximum leverage (total adjusted debt divided by EBITDA), annual maximum capital expenditures limits and minimum consolidated net worth, as defined. The indentures governing our outstanding senior notes contain several affirmative and negative covenants. The senior notes do not, however, contain any financial maintenance covenants. Our U.S. loan agreement with GECC (effective through 2010) relating to our vendor financing program (the "Loan Agreement") provides for a series of monthly secured loans up to \$5 billion outstanding at any one time. As of September 30, 2003, \$2.4 billion was outstanding under this Loan Agreement. The Loan Agreement, as well as similar loan agreements with GE in the U.K. and Canada, incorporates the financial maintenance covenants contained in the 2003 Credit Facility and contains other affirmative and negative covenants.

At September 30, 2003, we were in full compliance with the covenants and other provisions of the 2003 Credit Facility, the senior notes and the Loan Agreement and expect to remain in full compliance for at least the next twelve months. Any failure to be in compliance with any material provision or covenant of the 2003 Credit Facility or the senior notes could have a material adverse effect on our liquidity, results of operations and financial condition. Failure to be in compliance with the covenants in the Loan Agreement, including the financial maintenance covenants incorporated from the 2003 Credit Facility, would result in an event of termination under the Loan Agreement and in such case GECC would not be required to make further loans to us. If GECC were to make no further loans to us, it would materially adversely affect our liquidity and our ability to fund our customers' purchases of our equipment and this could materially adversely affect our results of operations.

Our business, results of operations and financial condition may be negatively impacted by legal and regulatory matters.

We have various contingent liabilities that are not reflected on our balance sheet, including those arising as a result of being a defendant in numerous litigation and regulatory matters involving securities law, patent law, environmental law, employment law and the Employee Retirement Income Security Act (ERISA), as discussed in Note 10 to our Consolidated Financial Statements included in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2003, which is incorporated by reference herein. As required by Statement of Financial Accounting Standards No. 5 "Accounting for Contingencies," we determine whether an estimated loss from a contingency should be accrued by assessing whether a loss is deemed probable and can be reasonably estimated. We assess potential liability by analyzing our litigation and regulatory matters using available information. We develop our views on estimated losses in consultation with outside counsel handling our defense in these matters, which involves an analysis of potential results, assuming a combination of litigation and settlement strategies. Should developments in any of our legal matters cause a change in our determination as to an unfavorable outcome and result in the need to recognize a material accrual, or should any of these matters result in a final adverse judgment or be settled for significant amounts, they could have a material adverse effect on our results of operations, cash flows and financial position in the period or periods in which such change in determination, judgment or settlement occurs.

An active trading market may not develop for any securities that we may issue hereunder.

Any securities, other than our common stock, issued hereunder may be new issues of securities with no established trading market. Any underwriters or agents to or through whom such securities are sold for public offering and sale may make a market in such securities, but such underwriters or agents will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any such securities. If there is no active market, you may not be able to sell your securities.

**DESCRIPTION OF THE DEBT SECURITIES,
CONVERTIBLE DEBT SECURITIES AND GUARANTEES**

We may offer unsecured general obligations, which may be senior (the “senior debt securities”) or subordinated (the “subordinated debt securities”). The senior debt securities and the subordinated debt securities are together referred to in this prospectus as the “debt securities.” We also may offer convertible debt securities. The senior debt securities will have the same rank as all our other unsecured, unsubordinated debt. The subordinated debt securities may be senior or junior to, or rank pari passu with, our other subordinated obligations and will be entitled to payment only after payment on our Senior Indebtedness (as described below). The subordinated debt securities will be effectively subordinated to creditors (including trade creditors) and our preferred stockholders and those of our subsidiaries.

The senior debt securities and any related guarantees may be issued under the indenture dated June 25, 2003 between us and Wells Fargo Bank Minnesota, National Association or may be issued under a senior indenture to be entered into between us and the trustee named in the prospectus supplement. The subordinated debt securities and any related guarantees will be issued under a subordinated indenture to be entered into between us and the trustee named in the prospectus supplement. We have summarized certain general features of the debt securities from the indenture. A form of each of a senior indenture and a subordinated indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The following summary is of certain provisions of the form of senior indenture and this summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the senior indenture and the provisions of the Trust Indenture Act of 1939 (the “TIA”), as amended. If we issue any subordinated debt securities, the description of those securities and the subordinated indenture will be set forth in the related prospectus supplement.

The following description of the terms of the debt securities and the guarantees sets forth certain general terms and provisions. The particular terms of the debt securities and guarantees offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities and guarantees will be described in the related prospectus supplement. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the related prospectus supplement and to the following description.

General

The aggregate principal amount of debt securities that may be issued under the indenture is unlimited. The debt securities may be issued in one or more series as may be authorized from time to time.

- additional terms not inconsistent with the provisions of the indenture.

One or more series of debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations applicable to any such series will be described in the applicable prospectus supplement.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

The term “debt securities” includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

[Table of Contents](#)

We expect most debt securities to be issued in fully registered form without coupons and in denominations of \$1,000 and any integral multiple thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities which are issued in registered form may be transferred or exchanged at the office of the trustee maintained in the Borough of Manhattan, The City of New York or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Guarantees

Any senior or subordinated debt securities may be guaranteed by one or more of our direct or indirect subsidiaries. Each prospectus supplement will describe any guarantees for the benefit of the series of debt securities to which it relates, including required financial information of the subsidiary guarantors, as applicable.

Global Securities

We expect the following provisions to apply to all debt securities.

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary (the "depositary") identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor.

The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the prospectus supplement. We expect that the following provisions will generally apply to depositary arrangements.

Upon the issuance of a global security, the depositary for such global security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with such depositary. Such accounts shall be designated by the dealers, underwriters or agents with respect to the debt securities or by us if such debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to persons that have accounts with the applicable depositary ("participants") or persons that may hold interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depositary or its nominee with respect to interests of participants and the records of participants with respect to interests of persons other than participants. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of a global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by that global security for all purposes under the indenture governing those debt securities. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any debt securities of such series in definitive form and will not be considered the owners or holders thereof under the indenture governing such debt securities.

Payments of principal, premium, if any, and interest, if any, on individual debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its

[Table of Contents](#)

nominee, as the case may be, as the registered owner of the global security representing the debt securities. None of Xerox, the trustee for the debt securities, any paying agent, or the registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made by the depositary or any participants on account of beneficial ownership interests of the global security for the debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest in respect of a permanent global security representing the debt securities, immediately will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security for the debt securities as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." Such payments will be the responsibility of such participants.

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the debt securities, determine not to have any debt securities of a series represented by one or more global securities, and, in such event, will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. If definitive debt securities are issued, an owner of a beneficial interest in a global security will be entitled to physical delivery of definitive debt securities of the series represented by that global security equal in principal amount to that beneficial interest and to have the debt securities registered in its name. Definitive debt securities of any series so issued will be issued in denominations, unless otherwise specified by us, of \$1,000 and integral multiples thereof.

Events of Default, Notice and Waiver

The following events are defined in the indenture as "Events of Default" with respect to a series of debt securities:

- (1) the failure to pay interest on debt securities of such series when the same becomes due and payable and the default continues for a continuous period of 30 days;
- (2) the failure to pay the principal on debt securities of such series, when such principal becomes due and payable, at maturity, upon redemption or otherwise (including the failure to make a payment to purchase debt securities of such series tendered pursuant to a Change of Control Offer or a Net Proceeds Offer);
- (3) a default in the observance or performance of any other covenant or agreement contained in the indenture which default continues for a period of 90 days after we receive written notice specifying the default (and demanding that such default be remedied) from the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of such series (except in the case of a default with respect to the "Merger, Consolidation and Sale of Assets" covenant, which will constitute an Event of Default with such notice requirement but without such passage of time requirement);
- (4) the failure to pay at final maturity (giving effect to any applicable grace periods and any extensions thereof) the principal amount of any Indebtedness of Xerox or any Restricted Subsidiary of Xerox, or the acceleration of the final stated maturity of any such Indebtedness, if the aggregate principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at final maturity or which has been accelerated, aggregates \$50.0 million or more at any time;
- (5) one or more judgments for the payment of money in an aggregate amount in excess of the lesser of (i) \$75.0 million or (ii) the highest amount of one or more judgments that would result in a Default or an Event of Default under any other indenture pursuant to which Xerox or any of its Restricted Subsidiaries has

Table of Contents

issued Capital Markets Debt (in each case excluding any amounts adequately covered by insurance from a solvent and unaffiliated insurance company), shall have been rendered against Xerox or any of its Restricted Subsidiaries and such judgments remain undischarged, unpaid or unstayed for a period of 90 days after such judgment or judgments become final and non-appealable;

(6) any Guarantee of any Guarantor relating to such debt securities ceases to be in full force and effect (other than in accordance with the terms of such Guarantee and indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of release of a Guarantor from its Guarantee in accordance with the terms of the indenture and such Guarantee); or

(7) certain events of bankruptcy affecting Xerox or any of its Significant Subsidiaries.

If an Event of Default (other than an Event of Default specified in clause (7) above with respect to Xerox) shall occur and be continuing, the trustee or the holders of at least 25% in principal amount of outstanding debt securities of the affected series under the indenture may declare the principal of and accrued interest on all the debt securities of such series under the indenture to be due and payable by notice in writing to Xerox and the trustee specifying the respective Event of Default and that it is a "notice of acceleration," and the same shall become immediately due and payable. If an Event of Default specified in clause (7) above with respect to Xerox occurs and is continuing, then all unpaid principal of, and premium, if any, and accrued and unpaid interest on all of the outstanding debt securities shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder.

The indenture will provide that, at any time after a declaration of acceleration with respect to a series of debt securities as described in the preceding paragraph, the holders of a majority in principal amount of debt securities of such series under the indenture may rescind and cancel such declaration and its consequences:

(1) if the rescission would not conflict with any judgment or decree;

(2) if all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration;

(3) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(4) if Xerox has paid the trustee its reasonable compensation and reimbursed the trustee for its expenses, disbursements and advances.

No such rescission shall affect any subsequent Default or impair any right consequent thereto.

The holders of a majority in principal amount of the debt securities of the affected series under the indenture may waive any existing Default or Event of Default under such series, and its consequences, except a default in the payment of the principal of or interest on any debt securities of such series.

Holders of the debt securities may not enforce the indenture or the debt securities except as provided in the indenture and under the TIA. Subject to the provisions of the indenture relating to the duties of the trustee, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request, order or direction of any of the holders, unless such holders have offered to the trustee reasonable indemnity. Subject to all provisions of the indenture and applicable law, the holders of a majority in aggregate principal amount of the then outstanding debt securities of any affected series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee.

Under the indenture, Xerox is required to provide an officers' certificate to the trustee promptly upon any such officer obtaining knowledge of any Default or Event of Default (provided that such officers shall provide such certification at least annually whether or not they know of any Default or Event of Default) that has occurred and, if applicable, describe such Default or Event of Default and the status thereof.

Legal Defeasance and Covenant Defeasance

Xerox may, at its option and at any time, elect to have its and the Guarantors' obligations discharged with respect to any series of the outstanding debt securities ("Legal Defeasance"). Such Legal Defeasance means that Xerox shall be deemed to have paid and discharged the entire indebtedness represented by such series of outstanding debt securities, except for:

- (1) the rights of holders of such series to receive payments in respect of the principal of, premium, if any, and interest on such series of debt securities when such payments are due from the trust fund referred to below;
- (2) Xerox's obligations with respect to such series of debt securities concerning issuing temporary debt securities, issuing debt securities to replace mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payments;
- (3) the rights, powers, trust, duties and immunities of the trustee and Xerox's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

In addition, Xerox may, at its option and at any time, elect to have its obligations released with respect to certain covenants (other than, among others, the covenant to make payments in respect of the principal, premium, if any, and interest on the debt securities) that are described in the indenture ("Covenant Defeasance") and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the applicable series of the debt securities. In the event Covenant Defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, reorganization and insolvency events) described under "Events of Default" will no longer constitute Events of Default with respect to the debt securities. We may exercise our Legal Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) We must irrevocably deposit with the trustee, in trust for the benefit of the holders of the applicable series of debt securities, cash in U.S. dollars, non-callable U.S. government obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the applicable debt securities on the stated date for payment thereof or on the applicable redemption date, as the case may be;

(2) in the case of Legal Defeasance, we shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that:

(a) Xerox has received from, or there has been published by, the Internal Revenue Service a ruling; or

(b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the applicable holders will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, Xerox shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that the applicable holders will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

[Table of Contents](#)

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the indenture or any other material agreement or instrument to which Xerox or any of its Subsidiaries is a party or by which Xerox or any of its Subsidiaries is bound;

(6) Xerox shall have delivered to the trustee an officers' certificate stating that the deposit was not made by Xerox with the intent of preferring the holders over any other creditors of Xerox or with the intent of defeating, hindering, delaying or defrauding any other creditors of Xerox or others;

(7) Xerox shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(8) certain other customary conditions precedent are satisfied.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all debt securities not theretofore delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable on the maturity date within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of Xerox.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect (except as to surviving rights of transfer or exchange of the applicable debt securities, as expressly provided for in the indenture) as to all outstanding debt securities of any series under the indenture when:

(1) either:

(a) all the debt securities of such series theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or paid and debt securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by Xerox and thereafter repaid to Xerox or discharged from such trust) have been delivered to the trustee for cancellation; or

(b) all debt securities of such series not theretofore delivered to the trustee for cancellation have become due and payable within one year or as a result of a mailing of a notice of redemption and Xerox has irrevocably deposited or caused to be deposited with the trustee cash or non-callable U.S. government obligations or a combination thereof in an amount sufficient to pay and discharge the entire Indebtedness on such debt securities not theretofore delivered to the trustee for cancellation, for principal of, premium, if any, and interest on such debt securities to the date of deposit together with irrevocable instructions from Xerox directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) Xerox has paid all other sums payable under the indenture in respect of such debt securities by Xerox; and

(3) Xerox has delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture in respect of such debt securities have been complied with.

Modification of the Indenture

From time to time, Xerox, the Guarantors and the trustee, without the consent of the holders of debt securities of any series, may amend the indenture for certain specified purposes, including curing ambiguities, defects or inconsistencies, complying with the covenant described under "—Certain Covenants Applicable at All Times—Merger, Consolidation and Sale of Assets," complying with any requirement of the SEC in connection with qualifying, or maintaining the qualification of, the indenture under the TIA and making any change that

Table of Contents

does not adversely affect the rights of any holder of such debt securities in any material respect. Other modifications and amendments of the indenture as it applies to a series of debt securities may be made with the consent of the holders of a majority in principal amount of the then outstanding debt securities of such series, except that, without the consent of each holder affected thereby, no amendment may:

- (1) reduce the amount of debt securities whose holders must consent to an amendment;
- (2) reduce the rate of or change or have the effect of changing the time for payment of interest, including defaulted interest, on any debt securities;
- (3) reduce the principal of or change or have the effect of changing the fixed maturity of any debt securities, or change the date on which any debt securities may be subject to redemption or reduce the redemption price therefor;
- (4) make any debt securities payable in money other than that stated in the debt securities;
- (5) make any change in provisions of the indenture protecting the right of each holder to receive payment of principal of and interest on such debt securities on or after the due date thereof or to bring suit to enforce such payment, or permitting holders of a majority in principal amount of debt securities to waive Defaults or Events of Default;
- (6) after our obligation to purchase debt securities arises thereunder, amend, change or modify in any material respect the obligation of Xerox to make and consummate a Change of Control Offer in the event of a Change of Control or, after such Change of Control has occurred, modify any of the provisions or definitions with respect thereto; provided, that for purposes of this provision, a Change of Control shall not be deemed to have occurred upon the entering into or execution of any agreement or instrument notwithstanding that the consummation of the transactions contemplated by such agreement or instrument would result in a Change of Control as defined in the indenture if such agreement or instrument expressly provides that it shall be a condition to closing thereunder that the holders of the debt securities shall have waived the Change of Control on or prior to such closing unless and until such condition is waived by the parties to such agreement or instrument or the Change of Control has actually occurred;
- (7) release any Guarantor from its Guarantee except as provided in the indenture; or
- (8) modify or change any provision of the indenture or the related definitions affecting the ranking of the debt securities in a manner which adversely affects the holders.

Governing Law

The indenture, the debt securities and the guarantees shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law (other than Section 5-1401 of the General Obligations Law of the State of New York, and any successor statute or statutes).

Convertibility

Debt securities may be convertible into or exchangeable for our common stock or preferred stock. The prospectus supplement will describe the terms of any conversion rights.

Provisions Applicable Only To Senior Debt Securities

Ranking

The senior debt securities and the subsidiary guarantees will be unsecured obligations, and will rank pari passu with all other unsecured and unsubordinated debt of the issuer.

[Table of Contents](#)

Change of Control

Upon the occurrence of a Change of Control, each holder will have the right to require that Xerox purchase all or a portion (equal to \$1,000 and integral multiples thereof) of such holder's debt securities pursuant to the offer described below (the "Change of Control Offer"), at a purchase price equal to 101% of the principal amount of the debt securities repurchased plus accrued and unpaid interest to the date of purchase.

Within 30 days following the date upon which the Change of Control occurred, Xerox must send, or cause the trustee to send, by first class mail, a notice to each holder, with a copy to the trustee, which notice shall govern the terms of the Change of Control Offer. Such notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 45 days from the date such notice is mailed, other than as may be required by law (the "Change of Control Payment Date"). Holders electing to have debt securities purchased pursuant to a Change of Control Offer will be required to surrender the debt securities, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the debt securities completed, to the Paying Agent at the address specified in the notice prior to the close of business on the third business day prior to the Change of Control Payment Date.

Xerox will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Xerox and purchases all debt securities validly tendered and not withdrawn under such Change of Control Offer.

If a Change of Control Offer is made, there can be no assurance that we will have available funds sufficient to pay the Change of Control purchase price for all the debt securities that might be delivered by holders seeking to accept the Change of Control Offer. In the event Xerox is required to purchase outstanding debt securities pursuant to a Change of Control Offer, Xerox expects that it would seek third-party financing to the extent it does not have available funds to meet its purchase obligations. However, there can be no assurance that Xerox would be able to obtain such financing. In addition, there can be no assurance that Xerox will be able to obtain the consents necessary to consummate a Change of Control Offer from the lenders under agreements governing outstanding Indebtedness which may in the future prohibit the offer.

Neither our Board of Directors nor the trustee may waive the covenant relating to a holder's right to redemption upon a Change of Control. Restrictions in the indenture described herein on the ability of Xerox and its Restricted Subsidiaries to incur additional Indebtedness, to grant Liens on its property, to make Restricted Payments and to make Asset Sales may also make more difficult or discourage a takeover of Xerox, whether favored or opposed by the management of Xerox. There can be no assurance that Xerox or the acquiring party will have sufficient financial resources to effect a Change of Control Offer. Such restrictions and the restrictions on transactions with Affiliates may, in certain circumstances, make more difficult or discourage any leveraged buyout of Xerox or any of its Subsidiaries by the management of Xerox. While such restrictions cover a wide variety of arrangements which have traditionally been used to effect highly leveraged transactions, the indenture may not afford the holders protection in all circumstances from the adverse aspects of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of debt securities pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of the indenture, we shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under the "Change of Control" provisions of the indenture by virtue thereof.

The "Change of Control" provisions described above will apply during any Suspension Period.

Suspension Period

During each Suspension Period, the provisions of the indenture described under “Certain Covenants That Will Cease To Apply During Suspension Period” will not apply. The provisions of the indenture described under “Certain Covenants Applicable at All Times” will apply at all times during any Suspension Period so long as any debt securities remain outstanding thereunder.

“Suspension Period” means any period (a) beginning on the date that;

(1) the applicable series of debt securities has Investment Grade Status; provided that prior to the assignment of the ratings contemplated by the definition of “Investment Grade Status,” Xerox has advised Moody’s and S&P that the covenants under “Certain Covenants That Will Cease To Apply During Suspension Period” will not apply during such Suspension Period;

(2) no Default or Event of Default has occurred and is continuing; and

(3) Xerox has delivered an officers’ certificate to the trustee certifying that the conditions set forth in clauses (1) and (2) above are satisfied;

and (b) ending on the date (the “Reversion Date”) that the applicable series of debt securities ceases to have the applicable ratings from both Moody’s and S&P specified in the definition of “Investment Grade Status.”

On each Reversion Date, all Indebtedness incurred during the Suspension Period prior to such Reversion Date will be deemed to have been outstanding on Issue Date and classified as permitted under clause (4) of the definition of “Permitted Indebtedness.”

For purposes of calculating the amount available to be made as Restricted Payments under clause (iii) of the first paragraph of the “Limitation on Restricted Payments” covenant, calculations under that clause will be made with reference to December 31, 2001 as set forth in that clause. Accordingly, (x) Restricted Payments made during the Suspension Period not otherwise permitted pursuant to any of clauses (1) through (15) under the second paragraph under the “Limitation on Restricted Payments” covenant will reduce the amount available to be made as Restricted Payments under clause (iii) of such covenant; provided that such reduction by itself shall not cause the amount available to be made as Restricted Payments under clause (iii) of such covenant on the Reversion Date to be reduced to below an amount equal to \$75.0 million per calendar year, provided further that such amount shall be pro rated only for the number of calendar days between the Reversion Date and the earlier of (A) the end of the calendar year in which the Reversion Date occurs and (B) June 15, 2013 and (y) the items specified in subclauses (v) through (z) of clause (iii) of such covenant that occur during the Suspension Period will increase the amount available to be made as Restricted Payments under clause (iii) of such covenant. Any Restricted Payments made during the Suspension Period that (i) are of the type described in clauses (4), (8), (13) or (14) under the second paragraph of the “Limitations on Restricted Payments” covenant or (ii) that would have been made pursuant to clause (15) of the second paragraph under such covenant if such covenant were then applicable shall reduce the amounts permitted to be incurred under such clause (4), (8), (13), (14) or (15), as the case may be, on the Reversion Date.

For purposes of the “Limitation on Asset Sales” covenant, on the Reversion Date, the unutilized Net Proceeds Offer Amount will be reset to zero.

Certain Covenants That Will Cease To Apply During Suspension Period

Set forth below are summaries of certain covenants contained in the indenture that will apply at all times except during any Suspension Period.

Limitation on Incurrence of Additional Indebtedness. (a) Xerox will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume, guarantee, acquire, become liable, contingently or otherwise, with respect to, or otherwise become responsible for payment of (collectively, “incur”)

any Indebtedness (other than Permitted Indebtedness); provided, however, that Xerox or any Finance SPE may incur Indebtedness (including, without limitation, Acquired Indebtedness), if on the date of the incurrence of such Indebtedness, after giving effect to the incurrence thereof, the Consolidated Fixed Charge Coverage Ratio of Xerox is greater than 2.25 to 1.0.

(b) Xerox will not, directly or indirectly, incur any Indebtedness which by its terms (or by the terms of any agreement governing such Indebtedness) is subordinated in right of payment to any other Indebtedness of Xerox, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinate to the debt securities to the same extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of Xerox.

Limitation on Restricted Payments. Xerox will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any distribution (other than dividends or distributions payable in Qualified Capital Stock of Xerox) on or in respect of shares of Xerox's or any Restricted Subsidiary's Capital Stock to holders of such Capital Stock in their capacity as such, other than dividends, payments or distributions payable to Xerox or any Restricted Subsidiary of Xerox (and, if such Restricted Subsidiary is not a Wholly Owned Restricted Subsidiary, dividends or distributions payable to the other equity holders of such Restricted Subsidiary on a pro rata basis);

(2) purchase, redeem or otherwise acquire or retire for value any Capital Stock of Xerox or any Restricted Subsidiary (other than (x) in exchange for Qualified Capital Stock of Xerox, or (y) Capital Stock of a Restricted Subsidiary held by Xerox or another Restricted Subsidiary) or any warrants, rights or options to purchase or acquire shares of any class of such Capital Stock or make any payments with respect to Synthetic Purchase Agreements;

(3) make any principal payment on, purchase, defease, redeem, prepay, decrease or otherwise acquire or retire for value, prior to any scheduled final maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Indebtedness (other than the purchase, repurchase or other acquisition of Subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such purchase, repurchase or other acquisition); or

(4) make any Investment (other than Permitted Investments) (each of the foregoing actions set forth in clauses (1), (2), (3) and (4) being referred to as a "Restricted Payment") (and for the avoidance of doubt, Permitted Investments shall not be Restricted Payments), if at the time of such Restricted Payment or immediately after giving effect thereto,

(i) a Default or an Event of Default shall have occurred and be continuing; or

(ii) Xerox is not able to incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) in compliance with the "Limitation on Incurrence of Additional Indebtedness" covenant; or

(iii) the aggregate amount of Restricted Payments (including such proposed Restricted Payment) made subsequent to December 31, 2001 (the amount expended for such purposes, if other than in cash, being the fair market value of such property as determined in good faith by Xerox) shall exceed the sum, without duplication (the "Restricted Payments Basket"), of:

(u) 50% of the cumulative Consolidated Net Income (or if cumulative Consolidated Net Income shall be a loss, minus 100% of such loss) of Xerox earned subsequent to December 31, 2001 and on or prior to the date the Restricted Payment occurs (the "Reference Date") (treating such period as a single accounting period); plus

(v) 100% of the aggregate net cash proceeds received by Xerox from any Person (other than a Subsidiary of Xerox) from the issuance and sale subsequent to December 31, 2001 and on or

prior to the Reference Date of Qualified Capital Stock of Xerox or warrants, options or other rights to acquire Qualified Capital Stock of Xerox (but excluding any debt security that is convertible into, or exchangeable for, Qualified Capital Stock); plus

(w) 100% of the aggregate net cash proceeds of any equity contribution received by Xerox from a holder of Xerox's Capital Stock; plus

(x) 100% of the aggregate settlement value of Qualified Capital Stock issued by Xerox in respect of the settlement of pending or threatened litigation; plus

(y) the amount by which Indebtedness of Xerox (other than the Convertible Subordinated Debentures) is reduced on Xerox's balance sheet upon the conversion or exchange (other than by a Subsidiary of Xerox) subsequent to December 31, 2001 of such Indebtedness for Qualified Capital Stock of Xerox (less the amount of any cash, or the fair value of any other property, distributed by Xerox upon such conversion or exchange); plus

(z) without duplication, the sum of:

(1) the aggregate amount returned in cash on or with respect to Investments (other than Permitted Investments) made subsequent to December 31, 2001 whether through interest payments, principal payments, dividends or other distributions or payments;

(2) the net cash proceeds received by Xerox or any of its Restricted Subsidiaries from the disposition of all or any portion of such Investments (other than to a Subsidiary of Xerox); and

(3) upon redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary, the fair market value of such Subsidiary;

provided, however, that the sum of clauses (1), (2) and (3) above shall not exceed the aggregate amount of all such Investments made subsequent to December 31, 2001.

Notwithstanding the foregoing, the provisions set forth in the preceding paragraphs do not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration;

(2) the acquisition of any shares of Capital Stock of Xerox or any warrants, rights or options to purchase or acquire shares of any class of such Capital Stock, either (i) solely in exchange for shares of Qualified Capital Stock of Xerox or any warrants, rights or options to purchase or acquire shares of any class of Qualified Capital Stock of Xerox or (ii) through the application of net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of Xerox) of shares of Qualified Capital Stock of Xerox;

(3) the repurchase, redemption or other repayment of any Subordinated Indebtedness or Preferred Stock permitted to be issued pursuant to clause (2) of the definition of "Permitted Indebtedness" either (i) solely in exchange for shares of Qualified Capital Stock of Xerox or any warrants, rights or options to purchase or acquire shares of any class of Qualified Capital Stock of Xerox or other Subordinated Indebtedness of Xerox that is Refinancing Indebtedness, or (ii) through the application of net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of Xerox) of (a) shares of Qualified Capital Stock of Xerox or (b) other Subordinated Indebtedness of Xerox that is Refinancing Indebtedness;

(4) (x) the repurchase or other acquisition of shares of Qualified Capital Stock of Xerox or any warrants, rights or options to purchase or acquire shares of any such Qualified Capital Stock, from employees, former employees, directors or former directors of Xerox or any of its Subsidiaries (or permitted transferees of such employees, former employees, directors or former directors), pursuant to the terms of the agreements (including employment agreements) or plans (or amendments thereto) approved by the Board of Directors under which such individuals purchase or sell, or are granted the option to purchase or sell, shares of such Qualified Capital Stock or (y) the redemption or repayment of any outstanding de minimis

Subordinated Indebtedness; provided that the aggregate amount paid under clauses (x) and (y) combined does not exceed \$25.0 million since January 17, 2002;

(5) the declaration and payment of dividends or distributions by Xerox or any of its Restricted Subsidiaries on Preferred Stock so long as (a) no Event of Default has occurred and is continuing, (b) such Preferred Stock is otherwise permitted to be issued under the indenture and (c) such dividends or distributions are included in Consolidated Fixed Charges;

(6) the redemption of Preferred Stock of Xerox or any Restricted Subsidiary (other than the Convertible Trust Preferred Securities) outstanding as of the Issue Date at any final scheduled or other mandatory redemption date thereof as in effect on the Issue Date;

(7) any repurchase of the Convertible Trust Preferred Securities upon the exercise by the holders thereof of any right to require such Restricted Subsidiary to purchase such securities through the application of the net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of Xerox) of an issuance of, or solely in exchange for, either (x) junior subordinated debentures of Xerox that are subordinated to the debt securities pursuant to a written agreement that is, taken as a whole, no less restrictive to the holders of such junior subordinated debentures than the subordination terms of the junior subordinated debentures into which such Convertible Trust Preferred Securities are exchangeable and have a maturity (including pursuant to any sinking fund obligation, mandatory redemption or right of repurchase at the option of the holder or otherwise) no earlier than the final maturity of the debt securities and that have the benefit of covenants that are, taken as a whole, no more restrictive than the covenants in the indenture or (y) Qualified Capital Stock of Xerox or any warrants, rights or options to purchase or acquire shares of any class of Qualified Capital Stock of Xerox;

(8) the redemption of Xerox's Series B Convertible Preferred Stock as and when required by the terms of the Xerox Corporation Employee Stock Ownership Plan, 2000 Restatement dated March 17, 2000, as amended, provided that the aggregate amount paid pursuant to this clause (8) since the Issue Date does not exceed \$50.0 million;

(9) upon the occurrence of a Change of Control and after the completion of the offer to repurchase of debt securities as described under "Change of Control" above (including the purchase of all debt securities tendered), any purchase, defeasance, retirement, redemption or other acquisition of Subordinated Indebtedness required under the terms of such Subordinated Indebtedness as a result of such Change of Control;

(10) payments to holders of Capital Stock (or to the holders of Indebtedness or Disqualified Capital Stock that is convertible into or exchangeable for Capital Stock upon such conversion or exchange) in lieu of the issuance of fractional shares;

(11) the payment of consideration by a Person other than Xerox or a Subsidiary to equity holders of Xerox;

(12) the transactions with any Person (including any Affiliate of Xerox) described in clause (1) of the third paragraph of the "Transaction with Affiliates" covenant and the funding of any obligations in connection therewith;

(13) (a) the repurchase or redemption by any Restricted Subsidiary of its own Capital Stock or the purchase by Xerox of the Capital Stock of any Restricted Subsidiary in order to acquire all or a portion of the minority interest in such Restricted Subsidiary and (b) Investments in a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary, in order to (i) maintain Xerox's present direct or indirect ownership percentage in such Restricted Subsidiary in the event of a mandatory capital call or (ii) acquire all or a portion of the minority interest in such Restricted Subsidiary; provided that the amount of all Restricted Payments made pursuant to this clause (13) in Restricted Subsidiaries that have not at any time become 100% directly or indirectly owned by Xerox, does not exceed \$75.0 million in the aggregate since the Issue Date;

(14) mandatory prepayments of Subordinated Indebtedness;

Table of Contents

(15) payments in respect of Subordinated Indebtedness, the payment of which has been accelerated, in an amount taken together with all other payments made pursuant to this clause (15) since the Issue Date not to exceed \$75.0 million; and

(16) other Restricted Payments in an aggregate amount which, when taken together with all other Restricted Payments pursuant to this clause (16), does not exceed \$35.0 million.

In determining the aggregate amount of Restricted Payments made subsequent to January 1, 2002 in accordance with clause (iii) of the second preceding paragraph, amounts expended pursuant to clauses (1), (4), (13), (14) and (15) of the immediately preceding paragraph shall be included in such calculation. No issuance and sale of Qualified Capital Stock pursuant to clause (2) or (3) of the immediately preceding paragraph shall increase the Restricted Payments Basket, except to the extent the proceeds thereof exceed the amounts used to effect the transactions described therein.

Limitation on Asset Sales. Xerox will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Xerox or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets sold or otherwise disposed of (as determined in good faith by Xerox or such Restricted Subsidiary);

(2) at least 75% of the consideration received by Xerox or the Restricted Subsidiary, as the case may be, from such Asset Sale shall be in the form of cash or Cash Equivalents (provided that the amount of any Pari Passu Indebtedness or other unsubordinated liability of Xerox or any Indebtedness or other liability of a Restricted Subsidiary that is assumed by the transferee of any such assets shall be deemed to be cash for the purposes of this provision; and

(3) upon the consummation of an Asset Sale, Xerox shall apply, or cause such Restricted Subsidiary to apply, the Net Cash Proceeds relating to such Asset Sale within 365 days of receipt thereof:

(a) (i) to repurchase or otherwise acquire any Pari Passu Indebtedness pursuant to any exercise by the holders thereof of the right to require the issuer thereof to repurchase or acquire such Pari Passu Indebtedness prior to its scheduled maturity or scheduled repayment, (ii) to prepay, repay, repurchase, redeem, defease or otherwise acquire or retire for value, on or prior to any scheduled maturity, repayment or amortization that portion of Pari Passu Indebtedness of Xerox to the extent that such Pari Passu Indebtedness has a stated maturity, scheduled repayment or amortization that has or will become due prior to the final stated maturity of the applicable debt securities, (iii) any Pari Passu Indebtedness under the Credit Agreement (other than Capital Markets Debt), or (iv) any Indebtedness of a Restricted Subsidiary; provided that, in each case under this clause (a), if such Pari Passu Indebtedness was borrowed under the revolving portion of any credit facility, then a permanent reduction in the availability under the revolving portion of such credit facility will be effected;

(b) to make an investment in or expenditures for properties and assets that replace the properties and assets that were the subject of such Asset Sale or in properties and assets (including Capital Stock of any entity) that will be used in the business of Xerox and its Subsidiaries or in businesses reasonably related thereto ("Replacement Assets") or to fund the cash portion of the Business Effectiveness Actions; and/or

(c) a combination of prepayment and investment permitted by the foregoing subclauses (3)(a) and (3)(b);

provided that, notwithstanding the preceding provisions of this clause (3), if Xerox or any Restricted Subsidiary:

(i) enters into any letter of intent, memorandum of understanding, agreement or other instrument (each, an "Asset Sales Agreement") after the Issue Date that contemplates one or more Asset Sales by Xerox or such Restricted Subsidiary, and

[Table of Contents](#)

(ii) after the date of such Asset Sale Agreement and within 365 days immediately prior to the consummation of the Asset Sale(s) pursuant thereto, has applied any cash or Cash Equivalents (other than Net Cash Proceeds from any other Asset Sale) (“Applied Cash”) in any manner permitted by subclause 3(a), 3(b) or 3(c) above,

then the amount of Net Cash Proceeds relating to such Asset Sale(s) up to the amount of Applied Cash shall be deemed to have been applied by Xerox or such Restricted Subsidiary in accordance with the provisions of this clause (3).

Pending the application of any Net Cash Proceeds required by this covenant, Xerox or such Restricted Subsidiary may temporarily reduce any short-term loans or any Indebtedness under the revolving portion of any credit facility, including without limitation, under the Credit Agreement, and such temporary reductions shall not result in any permanent reduction in the availability under the revolving portion of such credit facility.

On the 366th day after an Asset Sale or such earlier date, if any, as the Board of Directors of Xerox or of such Restricted Subsidiary determines not to apply the Net Cash Proceeds relating to such Asset Sale as set forth in subclauses (3)(a), (3)(b) and (3)(c) of the preceding paragraph (each, a “Net Proceeds Offer Trigger Date”), such aggregate amount of Net Cash Proceeds which have not been applied on or before such Net Proceeds Offer Trigger Date as permitted in subclauses (3)(a), (3)(b) and (3)(c) of the preceding paragraph or deemed to have been applied pursuant to the proviso to clause (3) of the preceding paragraph (each a “Net Proceeds Offer Amount”) shall be applied by Xerox or such Restricted Subsidiary to make an offer to purchase (the “Net Proceeds Offer”) to all holders of applicable debt securities (and holders of other Pari Passu Indebtedness of Xerox to the extent required by the terms thereof) on a date (the “Net Proceeds Offer Payment Date”) not less than 30 nor more than 60 days following the applicable Net Proceeds Offer Trigger Date, from all such holders (and holders of other Pari Passu Indebtedness of Xerox to the extent required by the terms thereof) on a pro rata basis, that amount of applicable debt securities (and other Pari Passu Indebtedness) equal to the Net Proceeds Offer Amount at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest thereon, if any, to the date of purchase; provided, however, that if at any time any non-cash consideration received by Xerox or any Restricted Subsidiary of Xerox, as the case may be, in connection with any Asset Sale is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any such non-cash consideration), then such conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this covenant.

We may defer the Net Proceeds Offer until there is an aggregate unutilized Net Proceeds Offer Amount equal to or in excess of \$75.0 million resulting from one or more Asset Sales (at which time, the entire unutilized Net Proceeds Offer Amount, and not just the amount in excess of \$75.0 million, shall be applied as required pursuant to this paragraph).

Notwithstanding the first two paragraphs of this covenant, Xerox and its Restricted Subsidiaries will be permitted to consummate an Asset Sale without complying with such paragraphs to the extent that:

(1) at least 75% of the consideration for such Asset Sale constitutes Replacement Assets; and

(2) such Asset Sale is for fair market value; provided that any cash or Cash Equivalents received by Xerox or any of its Restricted Subsidiaries in connection with any Asset Sale permitted to be consummated under this paragraph shall constitute Net Cash Proceeds subject to the provisions of the first two paragraphs of this covenant.

Each Net Proceeds Offer will be mailed to the holders of record of applicable debt securities as shown on the register of holders within 45 days following the Net Proceeds Offer Trigger Date, with a copy to the trustee, and shall comply with the procedures set forth in the indenture. Upon receiving notice of the Net Proceeds Offer, holders may elect to tender their debt securities in whole or in part in integral multiples of \$1,000 in exchange for cash. To the extent the aggregate principal amount of debt securities and other Pari Passu Indebtedness properly

[Table of Contents](#)

tendered exceeds the Net Proceeds Offer Amount, the tendered debt securities and other Pari Passu Indebtedness will be purchased on a pro rata basis based on the amount of debt securities and other Pari Passu Indebtedness tendered. A Net Proceeds Offer shall remain open for a period of 20 business days or such longer period as may be required by law.

Xerox will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of debt securities pursuant to a Net Proceeds Offer. To the extent that the provisions of any securities laws or regulations conflict with the “Asset Sale” provisions of the indenture, Xerox shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under the “Asset Sale” provisions of the indenture by virtue thereof.

After consummation of any Net Proceeds Offer, any Net Proceeds Offer Amount not applied to any such purchase may be used by Xerox for any purpose permitted by the other provisions of the indenture.

Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries. Xerox will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual, encumbrance or restriction on the ability of any Restricted Subsidiary of Xerox to:

- (1) pay dividends or make any other distributions on or in respect of its Capital Stock to Xerox or any Restricted Subsidiary;
- (2) make loans or advances or to pay any Indebtedness or other obligation owed to Xerox or any other Restricted Subsidiary of Xerox; or
- (3) transfer any of its property or assets to Xerox or any other Restricted Subsidiary of Xerox,

except for such encumbrances or restrictions existing under or by reason of:

- (a) applicable law, rules, regulations and/or orders;
- (b) the indenture (including, without limitation, any Liens permitted by the indenture);
- (c) customary non-assignment provisions of any contract, or any lease or license governing a leasehold interest, of any Restricted Subsidiary of Xerox;
- (d) any agreement or instrument governing Acquired Indebtedness, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired or any Subsidiary of such Person;
- (e) agreements or instruments existing on the Issue Date to the extent and in the manner such agreements are in effect on the Issue Date and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; provided that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are no more restrictive (as determined in the good faith judgment of Xerox) in any material respect, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such agreements or instruments as in effect on the Issue Date;
- (f) the Credit Agreement;
- (g) Purchase Money Indebtedness incurred in compliance with the “Limitation on Incurrence of Additional Indebtedness” covenant that impose restrictions of the nature described in clause (3) above on the property acquired;
- (h) any agreement relating to Indebtedness of a Restricted Subsidiary permitted to be incurred under the “Limitation on Incurrence of Additional Indebtedness” covenant;
- (i) restrictions on cash or other deposits or net worth imposed under contracts entered into in the ordinary course of business;

[Table of Contents](#)

(j) any encumbrance or restriction existing under or by reason of contractual requirements in connection with the Third-Party Vendor Financing Program or any Qualified Receivables Transaction;

(k) pursuant to any merger agreements, stock purchase agreements, asset sale agreements and similar agreements limiting the transfer of properties and assets or distributions pending consummation of the subject transaction;

(l) in the case of clause (3) of the first paragraph of this covenant, any encumbrance or restriction (a) that restricts in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease, license, or similar contract, (b) by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of Xerox or any Restricted Subsidiary not otherwise prohibited by the indenture, or (c) contained in security agreements securing Indebtedness of any Restricted Subsidiary to the extent permitted by the indenture and such encumbrance or restrictions restrict the transfer of the property subject to such security agreements;

(m) an agreement governing Indebtedness incurred to Refinance the Indebtedness issued, assumed or incurred pursuant to an agreement referred to in clause (b), (d), (e), (g), (h) or (j) above; provided, however, that the provisions relating to such encumbrance or restriction contained in any such Indebtedness are no more restrictive in any material respect than the provisions relating to such encumbrance or restriction contained in agreements referred to in such clause (b), (d), (e), (g), (h) or (j) as determined by Xerox; and

(n) agreements or instruments, including, without limitation, joint venture agreements entered into to facilitate the Business Effectiveness Actions or in connection with Permitted Joint Venture Investments.

Limitations on Transactions with Affiliates. Xerox will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or permit to exist any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with any of its Affiliates (each, an "Affiliate Transaction"), other than (x) Affiliate Transactions permitted under the third paragraph of this covenant and (y) Affiliate Transactions on terms that are no less favorable in any material respect than those that might reasonably have been obtained, in the good faith judgment of the Board of Directors of Xerox or the Restricted Subsidiary, as the case may be, in a comparable transaction at such time on an arm's length basis from a Person that is not an Affiliate of Xerox or such Restricted Subsidiary.

Each Affiliate Transaction (and each series of related Affiliate Transactions which are similar or part of a common plan) involving aggregate payments or other property with a fair market value in excess of \$20.0 million shall be approved by the Board of Directors of Xerox or such Restricted Subsidiary, as the case may be, such approval to be evidenced by a Board Resolution stating that such Board of Directors has determined that such transaction complies with the foregoing provisions.

The foregoing paragraphs shall not apply to:

(1) any employment agreement, collective bargaining agreement, employee benefit plan, related trust agreement or any similar arrangement, payment of compensation and fees to, and indemnity provided on behalf of, any present or former employees, officers, directors or consultants, maintenance of benefit programs or arrangements for any present or former employees, officers or directors, including vacation plans, health and life insurance plans, deferred compensation plans, and retirement or savings plan and similar plans, and loans and advances to any present or former employees, officers, directors, consultants and shareholders, in each case entered into by Xerox or any of its Restricted Subsidiaries in the ordinary course of business or approved by the Board of Directors of Xerox or such Restricted Subsidiary, as the case may be;

(2) transactions exclusively between or among Xerox and any of its Restricted Subsidiaries or any joint venture in which Xerox has a Permitted Joint Venture Investment or exclusively between or among such Restricted Subsidiaries; provided such transactions are not otherwise prohibited by the indenture;

[Table of Contents](#)

- (3) any agreement, instrument or arrangement as in effect as of the Issue Date or any amendment thereto or any transaction contemplated thereby (including pursuant to any amendment thereto) in any replacement agreement thereto so long as any such amendment or replacement agreement is not more disadvantageous to the holders in any material respect than the original agreement as in effect on the Issue Date as determined by Xerox;
- (4) Permitted Investments and Restricted Payments permitted by the indenture;
- (5) the issuance or sale of any Capital Stock (other than Disqualified Capital Stock) of Xerox; and
- (6) Permitted Joint Venture Investments and any other transactions contemplated by or to facilitate the Business Effectiveness Actions.

Certain Covenants Applicable at All Times

Set forth below are summaries of certain covenants contained in the indenture that, except as expressly indicated, will apply at all times so long as any debt securities remain outstanding.

Limitation on Liens. Xerox will not create or suffer to exist, or permit any of its Specified Subsidiaries to create or suffer to exist, any Lien, or any other type of preferential arrangement, upon or with respect to any of its properties (other than “margin stock” as that term is defined in Regulation U issued by the Board of Governors of the Federal Reserve System), whether now owned or hereafter acquired, or assign, or permit any of its Specified Subsidiaries to assign, any right to receive income, in each case to secure any Indebtedness (other than Indebtedness described in clauses (5) and (8) of the definition of “Indebtedness” herein) without making effective provision whereby all of the debt securities (together with, Xerox shall so determine, any other Indebtedness of Xerox or such Specified Subsidiary then existing or thereafter created which is not subordinate to the debt securities) shall be equally and ratably secured with the Indebtedness secured by such security (provided that any Lien created for the benefit of the holders of the debt securities pursuant to this sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in such provision becoming applicable, unless a Default or Event of Default shall then be continuing); provided, however, that Xerox or its Specified Subsidiaries may create or suffer to exist any Lien or preferential arrangement of any kind in, or upon any of the properties or assets of Xerox or its Specified Subsidiaries to secure Indebtedness if upon creation of such Lien or arrangement and after giving effect thereto, the aggregate principal amount of Indebtedness secured by Liens would not exceed the greater of (i) \$2.0 billion and (ii) 20% of the Consolidated Net Worth of Xerox; and provided, further, that the foregoing restrictions or limitations shall not apply to any of the following:

(1) deposits, liens or pledges arising in the ordinary course of business to enable Xerox or any of its Specified Subsidiaries to exercise any privilege or license or to secure payments of workers’ compensation or unemployment insurance, or to secure the performance of bids, tenders, leases, contracts (other than for the payment of borrowed money) or statutory landlords’ liens or to secure public or statutory obligations or surety, stay or appeal bonds, or other similar deposits or pledges made in the ordinary course of business;

(2) Liens imposed by law or other similar Liens, if arising in the ordinary course of business, such as mechanic’s, materialman’s, workman’s, repairman’s or carrier’s liens, or deposits or pledges in the ordinary course of business to obtain the release of such Liens;

(3) Liens arising out of judgments or awards against Xerox or any of its Specified Subsidiaries in an aggregate amount not to exceed at any time outstanding under this clause (3) the greater of (a) 15% of the Consolidated Net Worth of Xerox or (b) the minimum amount which, if subtracted from such Consolidated Net Worth, would reduce such Consolidated Net Worth below \$3.2 billion and, in each case, with respect to which Xerox or such Specified Subsidiary shall in good faith be prosecuting an appeal or proceedings for review, or Liens for the purpose of obtaining a stay or discharge in the course of any legal proceedings;

(4) Liens for taxes if such taxes are not delinquent or thereafter can be paid without penalty, or are being contested in good faith by appropriate proceedings, or minor survey exceptions or minor encumbrances,

easements or restrictions which do not in the aggregate materially detract from the value of the property so encumbered or restricted or materially impair their use in the operation of the business of Xerox or any Specified Subsidiary owning such property;

(5) Liens in favor of any government or department or agency thereof or in favor of a prime contractor under a government contract and resulting from the acceptance of progress or partial payments under government contracts or subcontracts thereunder;

(6) Liens existing on December 1, 1991;

(7) purchase money liens or security interests in property acquired or held by Xerox or any Specified Subsidiary in the ordinary course of business to secure the purchase price thereof or Indebtedness incurred to finance the acquisition thereof;

(8) Liens existing on property at the time of its acquisition;

(9) the rights of Xerox Credit Corporation relating to a certain reserve account established pursuant to an operating agreement dated as of November 1, 1980, between Xerox and Xerox Credit Corporation;

(10) the replacement, extension or renewal of any of the foregoing; and

(11) Liens on any assets of any Specified Subsidiary of up to \$500.0 million incurred since December 1, 1991 in connection with the sale or assignment of assets of such Specified Subsidiary for cash where the proceeds are applied to repayment of Indebtedness of such Specified Subsidiary and/or invested by such Specified Subsidiary in assets which would be reflected as receivables on the balance sheet of such Specified Subsidiary.

In addition, if after January 17, 2002 any Capital Markets Debt of Xerox or any Restricted Subsidiary becomes secured by a Lien pursuant to any provision similar to the covenant in the immediately preceding paragraph, then, for so long as such Capital Markets Debt of Xerox is secured by such Lien (and provided that any Lien created for the benefit of the holders of the debt securities pursuant to this sentence shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in the imposition of the Lien hereunder):

(1) in the case of a Lien securing Subordinated Indebtedness, the debt securities shall be secured by a Lien on the same property as such Lien that is senior in priority to such Lien; and

(2) in all other cases, the debt securities shall be equally and ratably secured by a Lien on the same property as such Lien.

Merger, Consolidation and Sale of Assets. Xerox will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person, or sell, assign, transfer, lease, convey or otherwise dispose of (or cause or permit any Restricted Subsidiary of Xerox to sell, assign, transfer, lease, convey or otherwise dispose of) all or substantially all Xerox's assets (determined on a consolidated basis for Xerox and Xerox's Restricted Subsidiaries) whether as an entirety or substantially as an entirety to any Person unless:

(1) either:

(a) Xerox shall be the surviving or continuing corporation; or

(b) the Person (if other than Xerox) formed by such consolidation or into which Xerox is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of Xerox and of Xerox's Restricted Subsidiaries substantially as an entirety (the "Surviving Entity"):

(x) shall be a corporation organized and validly existing under the laws of the United States or any State thereof or the District of Columbia; and

(y) shall expressly assume, by supplemental indenture (in form and substance satisfactory to the trustee), executed and delivered to the trustee, the due and punctual payment of the principal

of, and premium, if any, and interest on all of the debt securities and the performance of every covenant of the debt securities and the indenture on the part of Xerox to be performed or observed;

(2) if such transaction or series of related transactions occurs other than during a Suspension Period, immediately after giving effect to such transaction and the assumption contemplated by clause (1)(b)(y) above (including giving effect to any Indebtedness (including Acquired Indebtedness) incurred or anticipated to be incurred in connection with or in respect of such transaction), Xerox or such Surviving Entity, as the case may be, shall either (x) be able to incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the first paragraph under the "Limitation on Incurrence of Additional Indebtedness" covenant or (y) shall have a Consolidated Fixed Charge Coverage Ratio immediately after such transaction or series of related transactions equal to or greater than Xerox's Consolidated Fixed Charge Coverage Ratio immediately prior to such transaction or series of related transactions;

(3) immediately after giving effect to such transaction and the assumption contemplated by clause (1)(b)(y) above (including, without limitation, giving effect to any Indebtedness (including Acquired Indebtedness) incurred or anticipated to be incurred and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing; and

(4) Xerox or the Surviving Entity shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the applicable provisions of the indenture and that all conditions precedent in the indenture relating to such transaction have been satisfied.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all the properties or assets of one or more Restricted Subsidiaries of Xerox, the Capital Stock of which constitutes all or substantially all the properties and assets of Xerox, shall be deemed to be the transfer of all or substantially all the properties and assets of Xerox.

The indenture will provide that upon any consolidation, combination or merger or any transfer of all or substantially all the assets of Xerox in accordance with the foregoing, in which Xerox is not the continuing corporation, the successor Person formed by such consolidation or into which Xerox is merged or to which such conveyance, lease or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, Xerox under the indenture and the debt securities with the same effect as if such surviving entity had been named as such.

Notwithstanding the foregoing, Xerox need not comply with clause (2) of the first paragraph of this covenant in connection with (x) a sale assignment, transfer, conveyance or other disposition of assets between or among Xerox and any of its Wholly Owned Restricted Subsidiaries or (y) any merger of Xerox with or into any Wholly Owned Restricted Subsidiary or (z) a merger by Xerox with an Affiliate incorporated or organized solely for the purpose of reincorporating or reorganizing Xerox in another jurisdiction.

Subsidiary Guarantees. If on or after January 17, 2002:

(a) any other Capital Market Debt of Xerox is or becomes guaranteed by any Restricted Subsidiary of Xerox, or

(b) any one or more Wholly Owned Domestic Restricted Subsidiaries (singly or in the aggregate) would at the end of any fiscal quarter constitute a Significant Subsidiary (which term for the purposes of this covenant entitled "Subsidiary Guarantees" shall be limited to any Person that satisfies only the asset criteria set forth in clauses (1) and (2) of paragraph (w) of Rule 1.02 of Regulation S-X under the Exchange Act) (other than (i) Xerox Financial Services, Inc. and each of its Subsidiaries (other than Xerox Credit Corporation) for so long as its respective business is conducted in a manner similar to that on January 17, 2002, (ii) Xerox Credit Corporation or

any other Restricted Subsidiary of Xerox, in each case so long as it is primarily a special purpose financing vehicle of Xerox or its Restricted Subsidiaries (a "Financing Subsidiary") or any holding company whose principal asset is Capital Stock of a Financing Subsidiary or (iii) any Domestic Restricted Subsidiary so long as its primary asset is Capital Stock of one or more Foreign Subsidiaries and/or its primary asset is Indebtedness of one or more Foreign Subsidiaries or any combination of the foregoing),

then, if such Restricted Subsidiary is not already a Guarantor, Xerox shall cause, in the case of (a), such Restricted Subsidiary that is guaranteeing Company Capital Markets Debt, and, in the case of (b), such Domestic Restricted Subsidiar(ies), to execute and deliver to the trustee a supplemental indenture in form reasonably satisfactory to the trustee pursuant to which such Person shall fully and unconditionally guarantee all Xerox's obligations under the debt securities and the indenture on the terms set forth in the indenture.

Any Guarantee executed pursuant to clause (a) of the immediately preceding paragraph (including, without limitation, any guarantee of the debt securities issued as of the Issue Date) shall provide by its terms that such Guarantee shall be automatically and unconditionally released upon the release of the guarantee that resulted in such clause (a) becoming applicable (other than by reason of payment under such guarantee) so long as such Restricted Subsidiary is not at such time guaranteeing any other Capital Markets Debt of Xerox and no Default or Event of Default is then continuing. In addition, any Guarantee executed pursuant either to clause (a) or clause (b) of the immediately preceding paragraph shall provide by its terms that such Guarantee shall be automatically and unconditionally released upon: (i) the designation of the Restricted Subsidiary that gave such Guarantee as an Unrestricted Subsidiary in compliance with the provisions of the debt securities or (ii) any transaction, including without limitation, any sale, exchange or transfer, to any Person not an Affiliate of Xerox, of our Capital Stock in, or all or substantially all the property of, such Restricted Subsidiary, which transaction is in compliance with the terms of the indenture, and which results in the Restricted Subsidiary that gave such Guarantee ceasing to be a Subsidiary of Xerox and, in the case of either clause (i) or clause (ii), such Restricted Subsidiary is released from all guarantees, if any, by it of other Capital Markets Debt of Xerox.

Notwithstanding the foregoing, Xerox shall have the right to cause any Restricted Subsidiary to execute a Guarantee in respect of Xerox's obligations under the debt securities; provided that such Restricted Subsidiary shall execute and deliver to the trustee a supplemental indenture in a form reasonably satisfactory to the trustee in respect of such Guarantee.

Reports to Holders. The indenture provides that, whether or not required by the rules and regulations of the SEC, so long as any debt securities are outstanding, Xerox will file a copy of the following information and reports with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing, in which case Xerox shall furnish such information and reports to holders):

(1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K if Xerox were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" that describes the financial condition and results of operations of Xerox and its consolidated Subsidiaries and, with respect to the annual information only, a report thereon by Xerox's certified independent accounts; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if Xerox were required to file such reports, in each case within the time periods specified in the SEC's rules and regulations.

(3) Xerox is dissolved or liquidated.

For purposes of this Change of Control definition:

- “person” or “group” has the meaning given to it for purposes of Sections 13(d) and 14(d) of the Exchange Act or any successor provisions, and the term “group” includes any group acting for the purpose of acquiring, holding or disposing of securities within the meaning of Rule 13d-5(b)(1) under the Exchange Act or any successor provision;

Table of Contents

- (c) Consolidated Non-cash Charges.

“Consolidated Fixed Charge Coverage Ratio” means, with respect to any Person, the ratio of Consolidated EBITDA of such Person during the four full fiscal quarters (the “Four Quarter Period”) ending prior to the date of the transaction giving rise to the need to calculate the Consolidated Fixed Charge Coverage Ratio for which financial statements are available (the “Transaction Date”) to Consolidated Fixed Charges of such Person for the Four Quarter Period. In addition to and without limitation of the foregoing, for purposes of this definition, “Consolidated EBITDA” and “Consolidated Fixed Charges” shall be calculated after giving effect on a pro forma basis for the period of such calculation to:

(1) the incurrence or repayment of any Indebtedness of such Person or any of its Restricted Subsidiaries (and the application of the proceeds thereof) giving rise to the need to make such calculation and any incurrence or repayment of other Indebtedness (and the application of the proceeds thereof), other than the incurrence or repayment of Indebtedness in the ordinary course of business for working capital purposes pursuant to working capital facilities, occurring during the Four Quarter Period or at any time subsequent to the last day of the Four Quarter Period and on or prior to the Transaction Date, as if such incurrence or repayment, as the case may be (and the application of the proceeds thereof), occurred on the first day of the Four Quarter Period; and

(2) any asset sales or other dispositions or Asset Acquisitions (including, without limitation, any Asset Acquisition giving rise to the need to make such calculation as a result of such Person or one of its Restricted Subsidiaries (including any Person who becomes a Restricted Subsidiary as a result of the Asset Acquisition) incurring, assuming or otherwise being liable for Acquired Indebtedness and also including any Consolidated EBITDA (including any pro forma expense and cost reductions calculated on a basis consistent with Regulation S-X under the Exchange Act) attributable to the assets which are the subject of the Asset Acquisition or asset sale or other disposition during the Four Quarter Period) occurring during the Four Quarter Period or at any time subsequent to the last day of the Four Quarter Period and on or prior to the Transaction Date, as if such asset sale or other disposition or Asset Acquisition (including the incurrence, assumption or liability for any such Acquired Indebtedness) occurred on the first day of the Four Quarter Period.

If such Person or any of its Restricted Subsidiaries directly or indirectly guarantees Indebtedness of a third Person, the preceding sentence shall give effect to the incurrence of such guaranteed Indebtedness, without duplication, as if such Person or any Restricted Subsidiary of such Person had directly incurred or otherwise assumed such guaranteed Indebtedness.

Furthermore, in calculating “Consolidated Fixed Charges”:

(1) for purposes of determining the numerator (but not the denominator) of this “Consolidated Fixed Charge Coverage Ratio,” interest income determined on a fluctuating basis as of the Transaction Date and which will continue to be so determined thereafter, shall be deemed to have accrued at a fixed rate per annum equal to the applicable rate of interest in effect on the Transaction Date;

(2) for purposes of determining the denominator (but not the numerator) of this “Consolidated Fixed Charge Coverage Ratio”, interest on outstanding Indebtedness, determined on a fluctuating basis as of the Transaction Date and which will continue to be so determined thereafter, shall be deemed to have accrued at a fixed rate per annum equal to the applicable rate of interest in effect on the Transaction Date; and

(3) notwithstanding clause (2) above, interest on Indebtedness determined on a fluctuating basis, to the extent such interest is covered by agreements relating to Interest Swap Obligations, shall be deemed to accrue at the rate per annum resulting after giving effect to the operation of such agreements.

“Consolidated Non-cash Charges” means, with respect to any Person, for any period, the aggregate depreciation and amortization of such Person and its Restricted Subsidiaries reducing Consolidated Net Income of such Person and its Restricted Subsidiaries for such period, determined on a consolidated basis in accordance with GAAP.

Any such designation by the Board of Directors shall be evidenced to the trustee by promptly filing with the trustee a copy of the Board Resolution giving effect to such designation and an officers’ certificate certifying that such designation complied with the foregoing provisions.

“Weighted Average Life to Maturity” means, when applied to any Indebtedness at any date, the number of years obtained by dividing (a) the then outstanding aggregate principal amount of such Indebtedness into (b) the sum of the total of the products obtained by multiplying (i) the amount of each then remaining installment, sinking fund, serial maturity or other required payment of principal, including payment at final maturity, in respect thereof, by (ii) the number of years (calculated to the nearest one-twelfth) which will elapse between such date and the making of such payment.

DESCRIPTION OF THE PREFERRED STOCK AND CONVERTIBLE PREFERRED STOCK

Xerox Preferred Stock

The following is a description of certain general terms and provisions of our preferred stock. The particular terms of any series of preferred stock will be described in a prospectus supplement. The following summary of terms of our preferred stock is not complete. You should refer to the provisions of our Restated Certificate of Incorporation and the certificate of amendment relating to each series of the preferred stock (the "Certificate of Amendment"), which will be filed with the SEC at or prior to the time of issuance of such series of the preferred stock. We may also offer convertible preferred stock. As of the date of this prospectus, we are authorized to issue up to 22,043,067 shares of cumulative preferred stock, par value \$1.00 per share. As of September 30, 2003, 9,200,000 shares of Series C Mandatory Convertible Preferred Stock were outstanding, 6,502,552 shares of Series B Convertible Preferred Stock were outstanding and 1,500,000 shares of Series A Cumulative Preferred Stock are reserved for issuance in connection with our Shareholders Rights Plan. The Series C Mandatory Convertible Preferred Stock will convert at or prior to July 1, 2006 into between approximately 75 to 90 million shares of our common stock depending on the market price of our common stock on the conversion date. The Series C Mandatory Convertible Preferred Stock ranks senior in right of payment to our common stock and generally has no voting rights. All of the Series B Convertible Preferred Stock is held by the trustee for the Xerox Employee Stock Ownership Plan, and is convertible, at any time, at the option of the trustee, into Xerox common stock at a predetermined price, which is subject to adjustment. The holders of the Series B Convertible Preferred Stock have dividend and liquidation rights prior to holders of the common stock, but generally have voting rights equal to those of holders of the common stock, each share of Series B Convertible Preferred Stock having the same number of votes per share as the total number of shares of Common Stock into which it is convertible. Currently, each share of Series B Convertible Preferred Stock has six votes per share and is convertible into six shares of Common Stock.

[Table of Contents](#)

Subject to limitations prescribed by law, the Board of Directors is authorized at any time to:

- issue one or more series of preferred stock;
- determine the distinctive serial designation for any such series; and
- determine the number of shares in any such series.

The Board of Directors is authorized to determine, for each series of preferred stock, and the prospectus supplement will set forth with respect to such series the following information:

- the dividend rate (or method for determining the rate);
- any liquidation preference per share of that series of preferred stock;
- any conversion or exchange provisions applicable to that series of preferred stock;
- any redemption or sinking fund provisions applicable to that series of preferred stock;
- any voting rights of that series of preferred stock in addition to those specified in our Restated Certificate of Incorporation; and
- the terms of any other preferences or rights applicable to that series of preferred stock.

Dividends

Holders of preferred stock will be entitled to receive, when, as and if declared by the Board of Directors, cash dividends at the rates and on the dates as set forth in the prospectus supplement. Except as set forth below, no dividends will be declared or paid on any series of preferred stock unless full dividends for all series of preferred stock (including cumulative dividends still owing, if any) have been or contemporaneously are declared and a sum sufficient to pay such dividends has been set apart or has been paid. When those dividends are not paid in full, the shares of all series of preferred stock will share ratably in the payment of dividends, in accordance with the sums that would be payable on those shares if all dividends were declared and paid in full. In addition, generally, unless all dividends on the preferred stock have been declared and a sum sufficient to pay such dividends has been set apart or has been paid, no dividends will be declared or paid on the common stock and generally we may not redeem or purchase any common stock.

Both the 2003 Credit Facility and the Indentures, dated as of January 17, 2002 (pursuant to which our 9-³/₄% Senior Notes due 2009 were issued) and June 25, 2003 (pursuant to which our 7-¹/₈% Senior Notes due 2010 and 7-⁵/₈% Senior Notes due 2013 were issued) (the “Senior Note Indentures”), contain covenants that restrict our ability to pay dividends on preferred stock under certain circumstances that include the occurrence and continuation of any default or event of default (as defined therein) under the 2003 Credit Facility and Senior Note Indentures, respectively.

Convertibility

Shares of preferred stock may be convertible or exchangeable into another series of our preferred stock, our common stock, or other securities. The Certificate of Amendment and the prospectus supplement relating to each series of convertible preferred stock, if any, will describe those conversion rights.

Redemption And Sinking Fund

No series of preferred stock will be redeemable or receive the benefit of a sinking fund except as set forth in the applicable prospectus supplement.

Liquidation

In the event we voluntarily or involuntarily liquidate, dissolve or wind up our affairs, the holders of each series of preferred stock will be entitled to receive the liquidation preference per share specified in the prospectus supplement plus an amount equal to accrued and unpaid dividends, if any, before any distribution to the holders of common stock. If the amounts payable with respect to preferred stock are not paid in full, the holders of preferred stock will share ratably in any distribution of assets based upon the aggregate liquidation preference for all outstanding shares for each series. After the holders of shares of preferred stock are paid in full, they will have no right or claim to any of our remaining assets.

Voting

Except as indicated below or in the prospectus supplement, the holders of preferred stock will not be entitled to vote. If the equivalent of six quarterly dividends payable on any series of preferred stock is in default, whether or not consecutive, the number of directors constituting our Board of Directors will be increased by two and the holders of such series of preferred stock, voting together as a class with all other series of preferred stock entitled to vote on such election of directors, will be entitled to elect those additional directors. In the event of such a default, any holder of preferred stock may request that we call a special meeting of the holders of preferred stock for the purpose of electing the additional directors and we must call such meeting within 20 days of request. If we fail to call such a meeting upon request, then any holder of preferred stock can call a meeting. If all accumulated dividends on any series of preferred stock have been paid in full, the holders of shares of such series will no longer have the right to vote on directors and the term of office of each director so elected will terminate and the number of our directors will, without further action, be reduced by two.

The vote of the holders of two-thirds of the outstanding shares of each series of preferred stock voting together as a class, is required to authorize any amendment, alteration or repeal of our Restated Certificate of Incorporation or any Certificate of Amendment or our By-Laws which would adversely affect the rights, preferences, privileges or voting power of the preferred stock or any holder thereof.

Miscellaneous

The holders of preferred stock will have no preemptive rights. All our issued and outstanding preferred stock is fully paid and non-assessable. The shares of preferred stock offered, when issued, will also be fully paid and nonassessable. Shares of preferred stock that we redeem or otherwise reacquire will resume the status of authorized and unissued shares of preferred stock undesignated as to series, and will be available for subsequent issuance. We may not repurchase or redeem less than all the preferred stock, pursuant to a sinking fund or otherwise, while there are any dividends in arrears on the preferred stock. Neither the par value nor the liquidation preference is indicative of the price at which the preferred stock will actually trade on or after the date of issuance. Payment of dividends on any series of preferred stock may be restricted by loan agreements, indenture and other transactions we may enter into.

No Other Rights

The shares of a series of preferred stock will not have any preferences, voting powers or relative, participating, optional or other special rights except as set forth above or in the prospectus supplement, our Restated Certificate of Incorporation or Certificate of Amendment or as otherwise required by law.

Transfer Agent and Registrar

The transfer agent and registrar for each series of preferred stock will be described in the prospectus supplement.

DESCRIPTION OF COMMON STOCK

The following description of our common stock is only a summary. We encourage you to read our Restated Certificate of Incorporation and our Shareholder Rights Plan, referred to below, which have been filed with the SEC and are incorporated by reference into this prospectus.

As of the date of this prospectus, we are authorized to issue up to 1,750,000,000 shares of common stock, \$1.00 par value per share (the "common stock"). As of September 30, 2003, 791,857,130 shares of common stock were outstanding. Also, as of such date, there were 431,264,020 shares of common stock authorized, but reserved for issuance and 526,878,850 shares of common stock authorized and available for issue or reserve.

General

Dividend Rights and Restrictions

Holders of our common stock are entitled to dividends as and when declared by the Board of Directors out of the net assets legally available therefor. All shares of common stock are entitled to participate equally in such dividends. There are no restrictions on the payment of dividends or purchase or redemption of our common stock under our Restated Certificate of Incorporation or By-Laws, provided all dividends for past periods and the dividends for the current quarter on any outstanding preferred stock and retirement, purchase or sinking fund requirements thereon, if any, have been paid or provided for, and subject further to the restrictions referred to below.

The 2002 Credit Facility prohibits us from paying cash dividends on our common stock, and permits us to declare and pay dividends on our common stock solely in the form of shares of Qualified Capital Stock (as defined therein). The Senior Note Indentures contain covenants that restrict our ability to pay dividends on common stock under certain circumstances that include the occurrence and continuation of any default or event of default (as defined therein).

Voting Rights

Each share of common stock is entitled to one vote per share, subject, to the right of the holders of any outstanding preferred stock, if six quarterly dividends (whether or not consecutive) thereon are in default, to elect, voting as a class, two members of the Board of Directors, which right continues until the default is cured. In addition, the separate vote or consent of the holders of outstanding preferred stock may be required to authorize certain corporate action. The holders of our Series B Convertible Preferred Stock generally have voting rights equal to those of holders of common stock, each share of Series B Convertible Stock having the same number of votes per share as the total number of shares of Common Stock into which it is convertible. Currently, each share of Series B Convertible Preferred Stock has six votes per share and is convertible into six shares of Common Stock. Since the common stock and Series B Convertible Preferred Stock do not have cumulative voting rights, if they choose to do so, the holders of more than 50% of the aggregate amount of shares of those stocks can elect all of the directors. In such event, the holders of less than 50% of those shares cannot elect any directors.

Liquidation Rights

Holders of our common stock are entitled to receive our net assets, on a pro-rata basis, upon the dissolution, liquidation or winding up of the Company, after the payment in full of all preferential amounts to which the holders of any then-outstanding shares of preferred stock shall be entitled.

Preemptive Rights

Holders of our common stock do not possess preemptive rights or subscription rights as to any additional issues of any class of the capital stock or any of our other securities.

Liability To Further Calls Or Assessments

All our issued and outstanding common stock is fully paid and non-assessable. The shares of common stock offered, when issued, will be also fully paid and non-assessable.

Table of Contents

Transfer Agent

Our common stock is listed and traded on the New York Stock Exchange and the Chicago Stock Exchange under the symbol "XRX" and is also traded on the Boston, Cincinnati, Pacific Coast, Philadelphia, London and Switzerland exchanges. The transfer agent for the common stock is Equiserve Trust Company, N.A., P.O. Box 43010, Providence, RI 02940-3010, (800) 828-6396, or reachable, via email at website www.equiserve.com.

Preferred Stock Purchase Rights

The Board of Directors of Xerox has adopted a Shareholder Rights Plan. Each share of common stock has one half of a right (a "Right") attached to it.

Until the earlier of:

- 10 business days following the date of a public announcement that a person or group has acquired beneficial ownership of 20 percent or more of the aggregate amount of the outstanding voting common stock of Xerox (the date of such public announcement, the "Stock Acquisition Date", and, such person or group, an "Acquiring Person"), and
- 10 business days (or such later date as may be determined by our Board of Directors) following the commencement of, or the first public announcement of the intent to commence, a tender or exchange offer by a person or group if, upon consummation of the offer, such person or group would be an Acquiring Person (the earlier of such dates, the "Distribution Date"), or earlier redemption or expiration of the Rights,

the Rights will be evidenced, with respect to the shares of common stock outstanding, by the certificates representing such shares and will be transferred with and only with the common stock. Certificates representing shares of common stock (including the shares of common stock which may be offered hereby) which are issued upon transfer, replacement or new issuance of common stock prior to the Distribution Date or earlier redemption or expiration of the Rights will contain a legend evidencing the Rights and incorporating the Rights Agreement by reference. As soon as practicable following the Distribution Date, separate certificates representing the Rights ("Rights Certificates") will be mailed to holders of record of common stock as of the close of business on the Distribution Date and, thereafter, such separate Rights Certificates will trade separately and will alone evidence the Rights. The Rights are not exercisable until the Distribution Date and will expire on April 16, 2007. Until a Right is exercised, the holder thereof will have no rights as a shareholder of Xerox, including, without limitation, the right to vote or to receive dividends.

When the Rights become exercisable, each Right will entitle the registered holder thereof to purchase from Xerox, at a price of \$250.00, subject to adjustment (the "Purchase Price"), one three-hundredth of a share of Series A Cumulative Preferred Stock. If certain types of mergers, sales of assets or other business combinations involving Xerox occur after the Rights become exercisable, each Right will represent the right to purchase, at the Purchase Price, common stock of the acquiring company having a market value then equal to twice the Purchase Price. If (i) a person or group becomes an Acquiring Person (other than pursuant to a tender or exchange offer for all outstanding shares of common stock at a price and on terms approved by a majority of the members of our Board of Directors who are not officers of Xerox or affiliates of such Acquiring Person), or (ii) an Acquiring Person acquires Xerox in a transaction in which Xerox and the common stock survive, each Right not owned by such Acquiring Person will be converted into the right to purchase, at the Purchase Price, the number of shares of common stock that at that time have a market value then equal to twice the Purchase Price.

Our Board of Directors may, at any time on or before the earlier of (x) the Stock Acquisition Date and (y) the date on which the Rights shall expire, authorize the redemption of all, but not less than all, of the then outstanding Rights at a redemption price of \$.01 per Right, as adjusted under certain specified circumstances. Any of the provisions of the Rights Agreement may be amended by our Board of Directors before the Rights become exercisable. Thereafter, provisions of the Rights Agreement may be amended by our Board of Directors:

- to cure any ambiguity, to lengthen or shorten any time period under the Rights Agreement or

[Table of Contents](#)

- in any other manner that will not adversely affect the interest of the holders of the Rights (other than the Acquiring Person).

The Rights have certain “anti-takeover” effects. The Rights may cause substantial dilution to a person or group that attempts to acquire Xerox on terms not approved by our Board of Directors, except pursuant to an offer conditioned on a substantial number of Rights being acquired. Generally, the Rights should not interfere with any merger or other business combination approved by our Board of Directors prior to the time that there is an Acquiring Person (at which time holders of the Rights become entitled to exercise their Rights for shares of common stock at one-half the market price), since until such time the Rights generally may be redeemed by our Board of Directors at \$.01 per Right.

The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner and in certain circumstances we may deliver newly issued prepaid stock purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original stock purchase contract.

DESCRIPTION OF DEPOSITARY SHARES

This section describes the general terms of the depositary shares Xerox may offer and sell by this prospectus. This prospectus and any accompanying prospectus supplement will contain the material terms and conditions for the depositary shares. The accompanying prospectus supplement may add, update, or change the terms and conditions of the depositary shares as described in this prospectus.

General

We may, at our option, elect to offer depositary shares, each representing a fraction (to be set forth in the prospectus supplement relating to a particular series of preferred stock) of a share of a particular class or series of preferred stock as described below. In the event we elect to do so, depositary receipts evidencing depositary shares will be issued to the public.

The shares of any class or series of preferred stock represented by depositary shares will be deposited under a deposit agreement among us, a depositary selected by us and the holders of the depositary receipts. The depositary will be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock represented by such depositary share, to all the rights and preferences of the shares of preferred stock represented by the depositary share, including dividend, voting, redemption and liquidation rights. The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of the related class or series of preferred shares in accordance with the terms of the offering described in the applicable prospectus supplement.

Pending the preparation of definitive depositary receipts the depositary may, upon our written order, issue temporary depositary receipts substantially identical to, and entitling the holders thereof to all the rights pertaining to, the definitive depositary receipts but not in definitive form. Definitive depositary receipts will be prepared without unreasonable delay, and temporary depositary receipts will be exchangeable for definitive depositary receipts without charge to the holder.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received for the preferred stock to the entitled record holders of depositary shares in proportion to the number of depositary shares that the holder owns on the relevant record date, provided, however, that if we or the depositary is required by law to withhold

[Table of Contents](#)

an amount on account of taxes, then the amount distributed to the holders of depositary shares shall be reduced accordingly. The depositary will distribute only an amount that can be distributed without attributing to any holder of depositary shares a fraction of one cent. The depositary will add the undistributed balance to and treat it as part of the next sum received by the depositary for distribution to holders of the depositary shares.

If there is a non-cash distribution, the depositary will distribute property received by it to the entitled record holders of depositary shares, in proportion, insofar as possible, to the number of depositary shares owned by the holders, unless the depositary determines, after consultation with us, that it is not feasible to make such distribution. If this occurs, the depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the holders. The deposit agreement also will contain provisions relating to how any subscription or similar rights that we may offer to holders of the preferred stock will be available to the holders of the depositary shares.

Both the 2002 Credit Facility and the Senior Note Indentures contain covenants that restrict our ability to pay dividends on preferred stock under certain circumstances that include the occurrence and continuation of any default or event of default (as defined therein) under the 2002 Credit Facility and Senior Note Indentures, respectively.

Withdrawal of Shares

Upon surrender of the depositary receipts at the corporate trust office of the depositary unless the related depositary shares have previously been called for redemption, converted or exchanged into our other securities, the holder of the depositary shares evidenced thereby is entitled to delivery of the number of whole shares of the related class or series of preferred stock and any money or other property represented by such depositary shares. Holders of depositary receipts will be entitled to receive whole shares of the related class or series of preferred stock on the basis set forth in the prospectus supplement for such class or series of preferred stock, but holders of such whole shares of preferred stock will not thereafter be entitled to exchange them for depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to such holder at the same time a new depositary receipt evidencing such excess number of depositary shares. In no event will fractional shares of preferred stock be delivered upon surrender of depositary receipts to the depositary.

Conversion, Exchange and Redemption

If any class or series of preferred stock underlying the depositary shares may be converted or exchanged, each record holder of depositary receipts representing the shares of preferred stock being converted or exchanged will have the right or obligation to convert or exchange the depositary shares represented by the depositary receipts. Whenever we redeem or convert shares of preferred stock held by the depositary, the depositary will redeem or convert, at the same time, the number of depositary shares representing the preferred stock to be redeemed or converted. The depositary will redeem the depositary shares from the proceeds it receives from the corresponding redemption of the applicable series of preferred stock. The depositary will mail notice of redemption or conversion to the record holders of the depositary shares that are to be redeemed between 30 and 60 days before the date fixed for redemption or conversion. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share on the applicable class or series of preferred stock. If less than all the depositary shares are to be redeemed, the depositary will select which shares are to be redeemed by lot on a pro rata basis or by any other equitable method as the depositary may decide. After the redemption or conversion date, the depositary shares called for redemption or conversion will no longer be outstanding. When the depositary shares are no longer outstanding, all rights of the holders will end, except the right to receive money, securities or other property payable upon redemption or conversion.

Voting the Preferred Stock

When the depositary receives notice of a meeting at which the holders of the particular class or series of preferred stock are entitled to vote, the depositary will mail the particulars of the meeting to the record holders of

[Table of Contents](#)

the depositary shares. Each record holder of depositary shares on the record date may instruct the depositary on how to vote the shares of preferred stock underlying the holder's depositary shares. The depositary will try, if practical, to vote the number of shares of preferred stock underlying the depositary shares according to the instructions. We will agree to take all reasonable action requested by the depositary to enable it to vote as instructed.

Amendment and Termination of the Deposit Agreement

We and the depositary may agree at any time to amend the deposit agreement and the depositary receipt evidencing the depositary shares. Any amendment that (a) imposes or increases certain fees, taxes or other charges payable by the holders of the depositary shares as described in the deposit agreement that (b) otherwise materially adversely affects any substantial existing rights of holders of depositary shares, will not take effect until such amendment is approved by the holders of at least a majority of the depositary shares then outstanding. Any holder of depositary shares that continue to hold its shares after such amendment has become effective will be deemed to have agreed to the amendment.

We may direct the depositary to terminate the deposit agreement by mailing a notice of termination of holders of depositary shares at least 30 days prior to termination. The depositary may terminate the deposit agreement if 90 days have elapsed after the depositary delivered written notice of its election to resign and a successor depositary is not appointed. In addition, the deposit agreement will automatically terminate if:

- the depositary has redeemed all related outstanding depositary shares;
- all outstanding shares of preferred stock have been converted into or exchanged for common stock; or
- we have liquidated, terminated or wound up our business and the depositary has distributed the preferred stock of the relevant series to the holders of the related depositary shares.

Reports and Obligations

The depositary will forward to the holders of depositary shares all reports and communications from us that are delivered to the depositary and that we are required by law, the rules of an applicable securities exchange or our amended and restated certificate of incorporation, to furnish to the holders of the preferred stock. Neither we nor the depositary will be liable if the depositary is prevented or delayed by law or any circumstances beyond its control in performing its obligations under the deposit agreement. The deposit agreement limits our obligations to performance in good faith of the duties stated in the deposit agreement. The depositary assumes no obligation and will not be subject to liability under the deposit agreement except to perform such obligations as are set forth in the deposit agreement without negligence or bad faith. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding connected with any depositary shares or class or series of preferred stock unless the holders of depositary shares requesting us to do so furnish us with a satisfactory indemnity. In performing our obligations, we and the depositary may rely and act upon the advice of our counsel on any information provided to us by a person presenting shares for deposit, any holder of a receipt, or any other document believed by us or the depositary to be genuine and to have been signed or presented by the proper party or parties.

Payment of Fees and Expenses

We will pay all fees, charges and expenses of the depositary, including the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay taxes and governmental charges and any other charges as are stated in the deposit agreement for their accounts.

Resignation and Removal of Depositary

At any time, the depositary may resign by delivering notice to us, and we may remove the depositary at any time. Resignations or removals will take effect upon the appointment of a successor depositary and its acceptance of the appointment. The successor depositary must be appointed within 90 days after the delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus to one or more underwriters or dealers for public offering, through agents, directly to purchasers or through a combination of any such methods of sale.

We may sell equity securities in an offering “at the market” as defined in Rule 415 under the Securities Act. One or more of Banc One Capital Markets, Inc., Bear, Stearns & Co. Inc., BNP Paribas Securities Corp., Citigroup Global Markets, Inc., Credit Suisse First Boston Corporation, Danske Markets Inc., Deutsche Bank Securities Inc., Fleet Securities, Inc., Goldman, Sachs & Co., J.P. Morgan Securities Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and UBS Securities LLC, may act as underwriters in connection with such an offering. None of the broker-dealers listed in the preceding sentence shall be an underwriter in connection with any offering of our equity securities unless such broker-dealer is named as an underwriter in the prospectus supplement with respect to such offering of equity securities and such prospectus supplement is filed with the SEC.

For all other offerings, the prospectus supplement with respect to the securities being offered will set forth the terms of the offering, including the names of the underwriters, dealers or agents, if any, the purchase price, the net proceeds to Xerox, any underwriting discounts and other items constituting underwriters’ compensation, and public offering price and any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which such securities may be listed.

We have reserved the right to sell the securities directly to investors on our own behalf in those jurisdictions where we are authorized to do so. The sale of the securities may be effected in transactions (a) on any national or international securities exchange or quotation service on which the securities may be listed or quoted at the time of sale, (b) in the over-the-counter market, (c) in transactions otherwise than on such exchanges or in the over-the-counter market or (d) through the writing of options.

We and our respective agents and underwriters, may offer and sell the securities at a fixed price or prices that may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The securities may be offered on an exchange, which will be disclosed in the applicable prospectus supplement. We may, from time to time, authorize dealers, acting as our agents, to offer and sell the securities upon such terms and conditions as set forth in the applicable prospectus supplement.

If we use underwriters to sell securities, we will enter into an underwriting agreement with them at the time of the sale to them. In connection with the sale of the securities, underwriters may receive compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Any underwriting compensation paid by us to underwriters or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers, will be set forth in the applicable prospectus supplement to the extent required by applicable law. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions (which may be changed from time to time) from the purchasers for whom they may act as agents.

Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Unless otherwise indicated in the applicable prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase debt securities as a principal, and may then resell the debt securities at varying prices to be determined by the dealer.

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers by certain specified institutions to purchase offered securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject to any conditions set forth in the applicable prospectus

[Table of Contents](#)

supplement and the prospectus supplement will set forth the commission payable for solicitation of such contracts. The underwriters and other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

Underwriters, dealers and agents may be entitled under agreements entered into with us to indemnification against and contribution towards certain civil liabilities, including any liabilities under the Securities Act.

We may enter into derivative or other hedging transactions with financial institutions. These institutions may in turn engage in sales of our common stock to hedge their position, deliver this prospectus in connection with some or all of those sales and use the shares covered by this prospectus to close out any short position created in connection with those sales.

To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain, or otherwise affect the price of the securities. These may include over-allotment, stabilization, syndicate short covering transactions and penalty bids. Over-allotment involves sales in excess of the offering size, which creates a short position. Stabilizing transactions involve bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate short covering transactions involve purchases of securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim selling concessions from dealers when the securities originally sold by the dealers are purchased in covering transactions to cover syndicate short positions. These transactions may cause the price of the securities sold in an offering to be higher than it would otherwise be. These transactions, if commenced, may be discontinued by the underwriters at any time.

Any securities, other than our common stock issued hereunder, may be new issues of securities with no established trading market. Any underwriters, or agents to or through whom such securities are sold for public offering and sale, may make a market in such securities, but such underwriters or agents will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any such securities. The amount of expenses expected to be incurred by us in connection with any issuance of securities will be set forth in the applicable prospectus supplement. Certain of the underwriters, dealers or agents and their associates may engage in transactions with, and perform services for, us and certain of our affiliates and in the ordinary course of our business.

The brokers dealers, if any, acting in connection with these sales might be deemed to be “underwriters” within the meaning of section 2(11) of the Securities Act. Any commission they receive and any profit upon the resale of the securities might be deemed to be underwriting discounts and commissions under the Securities Act.

During such time as we may be engaged in a distribution of the securities covered by this prospectus we are required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes us, any affiliated purchasers, and any broker-dealer or other person who participates in such distributing from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security which is the subject of the distribution until the entire distribution is complete. Regulation M also restricts bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of our common stock.
